# Curing Incurable Disease With Semen - WN

## Chapter 00-19

### Table of Contents

1. [Sequel-like Prologue ~Me who became the founder of a sect will also fill up beauties with my semen today~ ✂ \(Multiple women、Kiss、Breast milk、Cowgirl cum inside、Missionary cum inside\)](#)
2. [1. The hospitalized little sister due to incurable disease \(No ero\)](#)
3. [2. Fuemi's determination \(No ero\)](#)
4. [3. Fuemi's request is ecchi ✂ \(Kiss、Sit on face、69 cum、Younger sister\)](#)
5. [4. When the request was fulfilled ✂ \(Ejaculate in missionary、Deflowering、Younger sister\)](#)
6. [5. Improvement \(No ero\)](#)
7. [6. My little sister's friend is a blind Ojou-sama \(No ero\)](#)
8. [7. The Ojou-sama wished for semen. ✂ \(Double Handjob、Nude with Panties still on\)](#)
9. [8. The situation afterwards \(No ero\)](#)
10. [9. The first time a man's semen reflected in her eyes I ✂ \(Double Kiss、Double Handjob\)](#)
11. [10. The first time a man's semen reflected in her eyes II ✂ \(Ejaculate in Missionary、Cowgirl consecutive ejaculation、Deflower×2、Ojou-sama、Maid\)](#)
12. [11. Business \(No ero\)](#)
13. [12. Nurse ✂ \(Handjob、Paizuri fellatio、Nurse\)](#)
14. [13. A damaged body, at the best place ✂ \(Opposite-sit position、Deflowering、Cusco's speculum、Cowgirl、Ojou-sama\)](#)
15. [14. Kayari-san's request is my first job ✂ \(Sleep-rape、Deflowering×2\)](#)
16. [15. The blond Ojou-sama wants to play piano again \(No ero\)](#)
17. [16. The blond Ojou-sama wants to play with the penis ✂ \(Kiss、handjob、](#)

fellatio、tsundere blond ojou-sama)

18. 17. The melody of an angel (No ero)

19. 18. 「This is how I love」 or so、she said ✕ (Kiss、cowgirl、deflower、blond  
tsundere ojou-sama)

20. 19. Rumors' influence and counter-measure (No ero)

# **Sequel-like Prologue ~ Me who became the founder of a sect will also fill up beauties with my semen today ~ ※ (Multiple women、Kiss、Breast milk、Cowgirl cum inside、Missionary cum inside)**

New Series.

---

Check the synopsis [here](#).

## **Sequel-like Prologue ~ Me who became the founder of a sect will also fill up beauties with my semen today ~ ※ (Multiple women、Kiss、Breast milk、Cowgirl cum inside、Missionary cum inside)**

I sprawled on the extra-large bed of the pre-prepared “Medical treatment room”

Three naked beauties swarmed together with me.

They’re here to squeeze semen out of my penis.

「Nn.....chuu、Founder-sama。  
Making my body become this healthy、  
thank you very much。  
Hamu.....nchuu。  
I’ll give you lots of service today」

Pestering me with a greedy kiss, the long black haired beauty licked my whole face

She guided my finger to her soaked wet vagina, presenting her pussy hole.

That place was already filled with my fresh semen, her love juice was mixed together.

「Ah.....Founder-samaa、please love my tits and nipples more。  
Do you understand？ My belly is swelling。  
Being given Founder-sama’s child、milk can come out of my breasts you know。  
I want Founder-sama to squeeze out milk from my swelling、sensitive breasts

with his hands」

The fair-skinned blond beauty from far Northern Europe too, is having her belly swelling roundly

With her flushed pink nipples pointing out, she gasped for breaths from pleasures.

「Founder onii-chan、aahn.....ahaa、deep inside my pussy、it feels good。Thanks to onii-chan I was saved、please let me give birth to your child。The seeds of onii-chan's baby、they're going to the eggs inside my belly〜」

The virgin that just had her first menstruation too, she shook her waist assertively on top of me

She gulped down my penis to the root with her pussy

My glans was wrapped with her soft uterus as it pressed into it.

「Ah ah.....I can feel your penis rejoicing。Please shoot it out inside me just like that〜」

As the girl felt it, my penis lust for her immature pussy hole  
With the greatest pleasures, I pumped semen into her womb.

Her small round ass pressed onto my thighs  
The girl began to smile happily as we made babies.

「Aaahn、the juice to make babies、it feels good〜」

The girl lied down flatly on the bed with an ecstasy expression after wringing me out to the last drop.  
From her loosely opened crotch, a thin stream of semen flowed out as if she was peeing.

「Hn.....chuu。Founder-sama、would you fill my insides up again？I want to surely catch Founder-sama's child on my ovulation day today。Please make love to me deep inside、and release your semen into my womb」

The woman that indulged in kissing straddled my hips and opened her legs, displaying her vagina.

The pussy hole that I went in countless times, twitched and gulped down my penis

The vagina shut and open as if savoring it.

「It's excellent。 Please spread your legs like that and push out your vagina」

「Thank you very much、 Founder-sama。

Please use my vagina, my breasts and my everything to make you feel good」

The woman's pussy hole obediently waited for her loved one, I aimed at that hole and thrust my still hard penis.

「Ahaan.....please go to the deepest place like that、

Please come while rubbing on the semen you let out earlier」

The woman raised a joyful voice and accepted me like a saintess receiving God from above.

「Founder-samaa、 if you drink from my breasts during this time, I believe it's easier to impregnate me」

I pressed my lips onto the milk-stained nipples.

I drank the breast milk that's used to raise babies.

Feeling the immorality from planting my seeds into all those other women, I noticed my penis began to prepare for shooting.

「Come～。 I'll raise the child of mine and Founder-sama's、

Inside my womb sack、 please release everything」

Her vagina squeezed my penis tightly and wrapped me in softness

Locking my penis inside to the root, my glans glued to her womb.

As I stopped my hips, with my instincts of making babies,

The entire amount of juice for making babies inside my testicles gushed out.

「Naan.....I'm、 going to give birth、

Being granted good health from Founder-sama.....is my most happiness。

Founder-sama's penis too、 I feel more happy to receive love at my insides」

With her eyes half-opened,

Her vagina kept hugging my penis and drinking my semen.

「Nfuu。 If Founder-sama's number of babies increase、 my family will also increase。

Founder-sama saved many women、 you're such a great person」

The caucasian woman patted my head while I kept drinking her breast milk and

said so.

I'm not that great a person. It's just that my lust and the women's disadvantages matched.

I think of myself as hypocrite. I was just another student you'd find anywhere in the past.

That said, I acted in accordance with my penis that became hard again because of my lust for women bodies again while looking back at the past.

---

◆ This series is very new, it seems to be updating daily. Hope you enjoyed it. 2 more chapters incoming.

◆ Grassland will be on hold for a bit, I need to let my anger for no incest die down.

# 1. The hospitalized little sister due to incurable disease (No ero)

Imouto saikyou.

---

## The hospitalized little sister due to incurable disease (No ero)

My little sister, Fuemi has been spending her time in the hospital since childhood.

Because of a disease that makes all of her muscles unable to move, it's a cruel case where she can't even rise from the bed.

Because both of our parents are working, they entrusted her to me since elementary school

I've been living a life of talking to my little sister in the hospital while doing homework.

「Onii-chaan」

「Hn? What is it」

Today Fuemi's condition since morning was good, so she was risen from the bed while we talked.

「In the future, what does onii-chan want to do?」

「A doctor, but perhaps it's difficult for my grades、  
If it's impossible then, I'll go to a pharmacy college and become a person who manages medicines or a nurse、that's what I'm thinking」

「Hmm, is that so。 You're not going to become what you like?  
Like sports, music, or games」

「If you try to make those into your job, you'd need talents, efforts and luck too。

I don't particularly have something I want to do anyway」

I usually play basketball and badminton with my friends

I played games when I got home too, but that's just for killing time.

「Me.....I wonder what can I do」

「There are PCs these days、so even if you're home or in the hospital you can still do work。

But then Fuemi doesn't really need to work。

We have insurance、if something happened to our parents there's still me。

That reminds me、you began writing a novel online lately right ?

If it becomes a hit you'll be an author won't you」

「Ahaha、I'm just writing what I like

There are only a few people who read it」

「Even if that's the case it's probably still good for you、it's OK」

「Un.....hey、Onii-chan。

Next time I go home、I have a request、is that fine ? 」

She made a slightly uneasy face, staring at me.

「Yeah、anything's fine。Is it about sweets from a shop somewhere ? 」

「I want that too、but that's not it。

I'll say it when you go home。If it's onii-chan then I'm sure you'll be able to do it right away」

「Hm ? That so、then that's fine、but you don't need to hold back」

「I won't hold back this late in the game you know。

Then from now on、can I have you do a massage ? 」

「It's OK it's OK。Now then ojou-sama、I'll move you to the bed」

「If I go to the bed I~ will~ sleep~。

Butler onii-chan、hurry up and carefully rub my body」

「Certainly, Lady Fuemi」 (TN: Ojou-sama)

With Fuemi lying face down on the bed, I rubbed and loosened up her shoulders.

「Ahaha、it's ticklish but it feels good、Onii-chan」

In thus way, I spend the day with my little sister until the Sun goes down, this

has been my daily life for many years.

---

◆ About Q&A, I'm waiting for my Editor's answer whether we would still work together on Q&A since he's got another TL project. If we end up separating, I'll turn back to do Q&A immediately without waiting for Brothels.

◆ Anyways, do also expect Yandere on Pun's site later today. I'll go edit the chapter after I'm done posting.

## 2. Fuemi's determination (No ero)

Cliffhang..?

---

### Fuemi's determination (No ero)

It's weekend, Fuemi's allowed to go home once in a while.  
As always, I took a taxi to go home.  
I carried Fuemi on my back all the way until we're inside the house.  
She's not growing as much as the girls her age but  
Even so, she still has the roundness and softness of a growing body  
When my hand touched her butt, even if she's my little sister, my heart still  
throbbed.

「If I remember correctly, there's still some fried rice and fried food left from  
yesterday。」

Fuemi, what do you want?

If you want any particular delivery food I can buy it」

「The leftovers are fine。 Carry me to the chair like this okay」

When I turned my head, she was clenching her hands, her slightly swelling  
breasts glued to my back.

Right now, even if I rubbed Fuemi's butt she wouldn't say anything.

Because I've been taking Fuemi into the bath and washed her body.

Putting Fuemi down to the chair, I prepared the dinner that only need to be  
warmed up.

「Then let's eat」

「Thanks for the meal～」

This is the second time of this month I ate dinner with Fuemi.  
Tomorrow's Sunday, we're going to hangout somewhere with our parents  
We spent the time talking about manga and TV shows.

「Nee, Onii-chan」

「Hn?」

「When you got out of the bath, go to my room before you sleep okay?」

「Oh, is it about the request you talked about before?」

「Un, that's right. Perhaps, we'll finish it up right away」

「Alright, I got it」

Well I guess she just wants a massage or wants to buy something.  
For Fuemi's sake, I got quite a lot of money from my parents so it's no problem.

After that, we entered the bath together as usual  
I changed her into her pajama and carried her to her room.

It was the same usual night up until that point.

---

◆ I'll ask the readers a favor and add it on NU for me, thank you.

### 3. Fuemi's request is ecchi ✕ (Kiss、Sit on face、69 cum、Younger sister)

It's fucking 1:05 AM here, but imouto sex is good so YOLO.

---

**Fuemi's request is ecchi ✕ (Kiss、Sit on face、69 cum、Younger sister)**

As the night wears on, it's finally time for sleeping.

That reminds me, Fuemi called for me, I closed the manga I was reading a moment ago and left my room.

I knocked on the door

「Fuemi、you awake？」

「Onii-chan、it's okay」

The answer soon came so I entered the room. There are not so many things inside Fuemi's room.

A school uniform was hung on a new-looking hanger.

There are probably more of Fuemi's personal stuffs in the sickroom.

「It's fine to sit down、Onii-chan」

Fuemi turned the blanket and pointed at the bed, so I sat down without reserved. (TN: I'm quite confused since she's not supposed to be able to move, but oh well) 「Then？ What should I do」

「Eto ne.....Onii-chan」 (TN: Come on. I know you watched anime, you know "Eto ne" right? I can't really word it in English and keep the same cute vibe to it)  
Fuemi unusually cast her gaze down

「You know I、my sickness got worse」

「.....is that so？ But、you're able to move today」

「You know the Doctor、he said the numbers are steadily going for the worse。  
If it keeps up like this I won't be able to even rise from the bed」

「It's OK、Fuemi。 I'll try my best、 to be near you as much as possible like always」

「Onii-chan、 please」

As Fuemi collapsed, my stomach throbbed.

「You know I、 probably going to school like other people、 or chat with friends、 is already impossible」

「Fuemi、 we're not sure about that yet.....」

「Uun、 listen Onii-chan」 (TN: Un = Yes. Uun = No)

Fuemi interrupted my words with a completely strengthless voice.

「You know I、 I'm not lonely if I have Onii-chan。  
You came to the hospital everyday、 you carried me home during weekends, had dinner and talked with me」

She cut off her words there, taking in a deep breath, Fuemi 「I like Onii-chan a lot。 I love you」

Steeling up her heart, she didn't avert her gaze and started straight at me.

「Fuemi.....that's」

「It's not like I want you to go out with me、  
I don't want to trouble Onii-chan by getting all sticky with you outside。  
If Onii-chan has another person you like、  
and that person also likes Onii-chan、 I'll happily cheer for you。  
But you see、 when we're inside the house、 when it's just me and Onii-chan、  
a little bit more than up until now、 as a man、  
I love Onii-chan、 okay？」

With a facial expression of winning the greatest battle of her life, Fuemi waited for my answer.

「Fuemi.....I、 I like you, you know」

「Is that as a family？ As a little sister？ Or as a woman？」

「I think just saying it like that is meaningless。  
As far as I'm concerned, Fuemi has been a precious family to me since long ago、

you're a cute little sister and、umm、a charming woman, that's why」

「Then Onii-chan.....with me」

Fuemi put her white and slender index finger on her mouth 「Is.....a kiss fine ?  
I want to、kiss。 With Onii-chan」

Fuemi's moved her lips that flapped opening and closing greedily.  
Light reflected from inside her mouth being wet with saliva.  
A kiss with Fuemi, with my little sister.

「Yeah、it's OK。 I love you、 that's why、 I want to do it if possible」

「Un、 I'm glad。 Onii-chan」

Fuemi shut her eyes and tilted her head diagonally.

「Hn.....nn」

While I held her trembling small body, my mouth and Fuemi's mouth met.  
The smell of my little sister's saliva is there aside from my own.  
Even though her lips weren't delicious, a strange sense of deliciousness was  
conveyed to me intraceberally.

「Chuu.....hn、 feels、 good.....chuu」

She held out her sweet tongue from within her lips, and I naturally put out my  
tongue and twine with hers.  
Her warm breath and her sticky saliva  
Her softer-than-the-pajama skin and her everything continued to fully stimulate  
my crotch and my mouth.

「Chuu.....ah.....fufufu、 Onii-chan became hard」

Fuemi murmured with a mischievous smile while stroking my crotch on top of  
my clothes.

「That's、 it is。 Because I'm a guy」

「I'm happy you became like this because of me、 Onii-chan。  
Can I touch it directly ? 」

She asked, but without even getting my permission her hand entered my  
pants.

「Waa、it's warm and it's moving。  
And the tip is a little wet。  
So interesting」

「You're not scared? Touching a man's thing」

「Eh、why。 It's Onii-chan's after all。  
Men are happy and feel good when their penis is touched right?」

「Well、that's right but」

「Then let me touch more。  
Ah、Onii-chan do you want to...touch mine too? 」

With her small and smooth palm, she played with my penis, which was releasing juices.

Fuemi boldly took off her pajama.

She's now only having the pink panties I bought on her.

「You've always seen it when we entered the bath、  
but are you happy seeing my panties? 」

「I didn't look at it with that kind of eyes that time、  
I persuaded myself so」

「Hmm? But right now to me、  
it's fine even if you look at me with those ecchi eyes」

「Yeah.....I'm touching you」

All these years, my little sister was a precious person that I needed to protect,  
but I've always been conflicted with the sexual desires I had in me.

Together with the rustling sense of touching her panties,  
I touched her unbelievably squishy legs, I gulped down my saliva.

「Hn.....Onii-chan used your hands differently when it was in the bath」

I briefly rubbed her on top of her panties, my finger entered her sweat-dampened slit in her crotch

I reached the straight valley of her soft and youthful flesh.

「That place、touch it gently、okay? 」

Nodding to my little sister who requested so with teary eyes, I first used my index finger to stroke and confirmed the shape without hesitation  
Next I lightly tapped it to confirm the softness.  
Then, I slowly soaked my finger into the warm nectar coming from her secret hole.

「Hn.....nfuu、I got wet too。  
Your finger、it's fine to go in a bit more」

「Yeah、you also grasp my thing」

「Un、I'll also make Onii-chan's penis feels good」

We touched each other's genitals, loving while giving each other pleasures.  
Only using hands wasn't satisfying enough, so we naturally brought our faces closer and piled our lips.

「Hn.....chuu.....」

During childhood, I used to hug Fuemi in my arms and we slept in the same futon,

I recalled the pleasant feelings from her warmth.

Right now, in addition to that, we're touching each other's penis and vagina  
There's also pleasures from the fact that we're doing lewd things as siblings.

「Nfuu.....chuu.....。

As expected, far from doing ecchi things alone、it's completely better」

「Fuemi、doing it alone.....umm、you do that too？」

To Fuemi's honest words, I was bewildered while asking vaguely.

「Un、I had spare time during nights that I could move but couldn't sleep。  
And since if I turned on the lights the nurse would come and tell me to sleep。  
During those times、I thought about wanting to do these things with Onii-chan  
I fantasized while tampering with my pussy」

「I、I see」

「Just like right now、I feel up Onii-chan's cute penis、  
while you tease my pussy、I fantasized about that too。  
Then、Onii-chan would gently make my baby hole wet with his finger」

I understood that I was requested, so I timidly moved my finger towards the lower part along her crotch.

I put my middle finger on the side of her vagina hole.

「Hn.....after all Onii-chan's finger、  
is different than mine。 It's fatter and stronger」

「It doesn't hurt？」

「Uun、keep going」

Though only my finger went inside, I was in a mood as if my penis was the one that went in

I moved my finger at a shallow spot of her vagina hole.

「Naaaa、fufu、being done by Onii-chan、I involuntarily let out my voice」

「I think you don't have to endure it」

「Onii-chan's excited too right？  
Your penis is moving」

As if just remembered about it, she grasped my penis and rubbed the glans. Before long my finger was soaked with the love juice Fuemi released, it also became smoother to go in and out her vagina.

「Nee、Onii-chan。  
When I did ecchi things by myself  
The things I fantasized、is it okay to do it？」

「Yeah、of course」

「Then Onii-chan、won't you take off your clothes and lie on the bed？」

Our parents are still at work so they're not home, the night of just the two of us seems longer than it's always been up until now.

I took off my sweat and the trunks that were wet with pre-cum

I lied down on the bed that had Fuemi's sweet fragrance.

Then Fuemi straddled me, then she drew her stained panties closer to my face.

「Won't you take it off？ Onii-chan」

As told, I pulled her panties down and took it off by turning it inside out.

The vertical line showed it self, a string of viscous liquid stretched from her vagina to the cloth of the panties.

「Taste me, okay?」

She lowered her hips like that, the stuffy smelled vagina attached to my lips. This is what they called face-sitting. My chin was covered with the panties I took off

I deeply tasted the first taste of a woman, of my little sister, with my whole face.

「In this way I imagined the pillow being Onii-chan、  
then I rubbed my pussy、 all night」

Love juice from her secret slit made my face slippery, it mixed with my saliva. I held out my tongue and dug into her vagina hole, more warm nectar gushed out.

「Ahn、 real Onii-chan doing it、 feels way better after all。  
I want to make Onii-chan feels good too」

For a moment, my consciousness was snatched away by Fuemi's beautiful vagina as she raised her body  
Taking off her panties, with her can't-move-much body, Fuemi slowly turned her body around  
I specifically stared at her crotch and butt.

Then she once again placed her not-so-big butt on my face, I happily began to taste her.

「Fuemi's butt、 its smoothness and softness is the best」

「Un、 I'm also shivering from being touched by Onii-chan」

From Fuemi's immature crotch, I poked my nose at her anus  
A seductive voice and a long breath hit my penis.

「Onii-chan、 your penis became big.....」

I felt something slippery squirming and running around my glans.  
Fuemi's tongue that I tasted while kissing earlier, it's now licking my penis.

「lick.....hn.....in my fantasies I give lots of love to Onii-chan's penis like this、  
then Onii-chan also gives love to my pussy」

Her small hand wrapped up my semen sack, she lightly grasped it as if guiding the sperms.

I've never gone inside anyone, I spread my little sister's vagina hole  
Then I inserted my tongue as if pushing the nectar back inside.

「It feels good、when you lick my baby hole like that、Onii-chan。  
Onii-chan's penis will go inside that place、  
it'll grind a lot、and it'll release juice for making babies inside。  
Nuu.....it's Onii-chan who's doing this、I'm super happy」

As Fuemi imagined me cumming inside her vagina hole twitched  
Me too, my penis reacted when I thought about making babies with my little sister.

「More more、love my pussy more。  
In order to make Onii-chan's penis enter、make it really wet」

Fuemi intensely stimulated my penis with both hands and her mouth while pushing out her pussy and her ass, displaying them.  
The little sister that saw me naked in the bath, and let me wash her body  
I didn't think she would be this ecchi.

「Fuemi.....if you do it that much」

However, my voice was sent into Fuemi's vagina hole, it didn't reach her at all.  
(TN: PFFF hahaha I LOL'ed at this) 「Onii-chan.....Onii-chan's penis、  
it's warm and delicious」

She stuffed it in her mouth like her favorite food, when she took it in deeply,  
my penis rubbed against the hot and soft palate.

I gave up on enduring, I lewdly buried my face into my little sister's wet labia in a trance.

I stuffed my field of vision with her genital and began to pump my penis.

「Kyaa ! ? Ah.....Onii-chan。  
You ejaculated、because of me。I'm happy」

Being delighted at the gushing water fountain like a kid,  
Fuemi rubbed my glans that was still releasing semen with her fingers.  
I buried my face into her pussy

I learned the pleasures that cannot be achieved by masturbating by myself  
I ejaculated until I couldn't anymore.

---

◆ If you counted Yandere, I released 6 chapters today. COFFEE PLEASE!

## 4. When the request was fulfilled ✕ (Ejaculate in missionary、Deflowering、Younger sister)

VANILLA ATTACK. HIDE YOUR PENIS.

---

### When the request was fulfilled ✕ (Ejaculate in missionary、Deflowering、Younger sister)

「My pussy is good already、I think。  
Let's put Oniichan's penis inside、okay？」

After I ejaculated in 69, Fuemi lied down on the bed, spreading her legs  
A bit of white viscous liquid was flowing from her vagina hole.

「Yeah、probably。Fuemi's fine on the bottom？」

「Un、being covered by my loved one、  
Being hugged closely during her first time is every girl's dream isn't it？」

「Is that so.....then、I'll put it in」

I just ejaculated, but upon seeing Fuemi's cute gently-sloping breasts,  
and her beautiful vagina, I felt like I could get hard as much as I wanted.

I aimed my glans at my little sister's undeveloped and well prepared with  
nectar vagina hole  
We lightly kissed.

「Un、become one with me like that、Oniichan」

At those words, my penis couldn't wait anymore and jumped, spreading the  
virgin hole then entered.

It's different that Fuemi's mouth just earlier

My whole penis was wrapped by her hot and soft secret precious passage as I  
completely invaded.

「Hn.....haa.....」

Fuemi gasped with her eyes closed.

「Doesn't it hurt ? 」

When I called out to her, she gazed at me with blinking wet eyes.

「Un、it's fine。 Keep going。

Ehehe、 because I practiced this situation countless times。

It feels really natural」

I have no way to know whether or not she concealed the pain.

However I have no intention of interrupting my little sister's first time.

She opened her slender legs and circled around my hips, she tightened them around me as if urging my penis to go in more.

Her narrow vaginal passage wrapped around my glans,

The moment I put in some strength, my penis went deep inside while feeling something break.

「.....hn ! Oniichan、 give me、 a kiss.....」

Responding to my little sister who requested while frowning her face, my chest glued to her nipples while our lips piled.

「Hn.....chuu.....love you、 Oniichan。 I love you so much」

「Yeah、 I love you too, Fuemi」 (TN: Oi, you over there, stop reading and call me an ambulance!!!)

As we joined our lips and genitals, I rubbed her soft swelling breasts. I was drunk with the feeling of becoming one with my little sister.

I wonder if I went to the deepest part of her narrow hole

As my glans was squeezed, my brain sent down a sweet and numbing pleasure.

「Hn.....that place、 it feels good。 Oniichan。 Do it、 faster」

Fuemi whispered into my ear while hugging me with both arms and both legs, not letting me go.

Acting accordingly to that voice and my instincts, I bent my hips, pressing my penis deep inside her vagina and grind against her depth.

「Hn、 hn、 nn.....」

Her breaths, her voice, her immature yet smooth breasts,

then her forever tightly clamping vagina.

Everything of hers put me into a trance, I sought pleasures from Fuemi's naked body.

「Just like this、it's okay。 Oniichan」

At first I didn't understand what she was talking about, but then I realized that it was about where I would ejaculate.

That moment I realized I never thought about making my little sister pregnant in the first place.

Enjoying my first vagina to my heart's content, I'll also pour my semen into the place where love juice and virgin blood were mixed.

I'll paint this fresh womb as white as new snow.

「Yeah、Fuemi.....」

I called her beautiful name while gluing my penis to her uterus entrance.

「Oniichan.....hn、it's good、it feels good」

I could only think about pouring into her deepest part.

The smell of her long hair dampened by sweat, and the sensation of squashing her nipples

Waiting anxiously for my seeds, I felt her uterus' dirty tenderness while vigorously shooting from my glans.

「Aahn、Oniichan.....chuu、nchuu.....love you」

While receiving the cloudy liquid into her belly, Fuemi continued to hug my body intensely.

I devoted my whole penis to the shut close vagina, shivering countless times while accomplishing a child making task.

「Hn.....Nfufu、Oniichan。 You know、I'm really happy」

Soon when the rhythm stopped, Fuemi made a 'I became a mother' face. She stroked my cheek and kissed me.

---

◆ Another chap's coming, not real soon though, need to take a shower break LOL.

## 5. Improvement (No ero)

God Potion discovered.

---

### Improvement (No ero)

The first night me and Fuemi crossed the line.

We noticed our parents coming home when we were sleeping naked together I panicked and put on my clothes then went back to my room.

When me and Fuemi and our parents went out to the shopping district during Sunday,

I looked at Fuemi who was licking the delicious-looking soft served ice cream, I felt unease in my heart as I thought about how long would we still be able to hang out like this.

Then the new week came, Wednesday is when Fuemi has her regular inspection.

After lunch break when I just left the toilet, I received a message from Fuemi.

(Something happened during today's inspection。  
Come to me after school。 I'll be waiting)

The moment I saw that, I dashed right back to the classroom, I grabbed only my bag and ran to the staff room.

「There seems to be changes in my little sister's condition ! Please allow me to leave early」

Later on, when I looked back on this, it could only be called me jumping to a wrong conclusion because I was in a state that couldn't make normal judgements.

But the me at this point just heard last week, from the doctor that Fuemi's condition was growing worse and we could expect her death.

She finally resolute herself to cross the line with me,

I didn't want to believe in what's happening with Fuemi's body.

I pedaled the bicycle with all my might, I arrived at Fuemi's hospital with the best record of speed.

I threw the bicycle and ran to the sick room, my face that time

It was more frantic than triathlon sports players.

Or so I heard from a nurse later on.

「Fuemi ! 」

I threw the sliding door open with vigor and entered Fuemi's sickroom.

「Eh ! ? Onii-chan ! ?

Why now、this time」

Generations different from the free flip phone I had,  
Fuemi was playing with her latest smartphone she had in her hands, she was staying up healthily.

.....hn ?

「Fuemi ? Eeto、you're body's not well、or is it not..... ? 」

「Hmmm ? It's the opposite。

Somehow、my inspection today、it's really really good, it seems」

「Eh、but last week it got worse and you couldn't move.....」

「Un、I'm surprised too !

This week、me couldn't move、or hurting、

none of that happened。The Doctor was also surprised」

「I、I see。It's good that you're healthy。

Fuuu、aah my legs are trembling」

「Onii-chan、you're sweat so much。

Here、you can use this towel」

「Ah、thanks」

Using the blue towel that smelled like Fuemi, I wiped my sweat soaked body.

「Even so、you suddenly got better。

Fuemi、you've been in the same state for so many years。

I also heard that your asthma got better when you grew up but」

「Perhaps、could it be that because I did ecchi things with Onii-chan ? 」

「Buu、o、oi。 This is the hospital。 What if someone hears you」

「Fufu、did you get hard ? 」

「Nope、not at all。

Ah shit、I can't return to school this late too、what should I do」

「Then play games with me Onii-chan、it's been a while」

She got up from the bed in a dangerous way

She walked and brought 2 portable game consoles from the shelf.

「What's this ? Hunting ? 」

「Hn～、that has a big level difference between me an Onii-chan、so let's play Barrage Shuu」

「Oh ? You're challenging me who can clear Lunatic?」

「Fufun、yesterday、I was able to clear Extra you know」

「Extra is between Hard and Lunatic huh。 Well fine、let's fight」

「Let's fight～」

Normally I hung out 2 or 3 hours after school with Fuemi

But today we played until the limit of visiting hours.

---

◆ You know what, fuck this. I wanna read, so I'll TL another chap, it's ecchi.....  
ah I need coffee.....

## 6. My little sister's friend is a blind Ojousama (No ero)

Finally getting some work done.

---

### My little sister's friend is a blind Ojousama (No ero)

Since then, Fuemi's healthy days continued.

Because she's been having this incurable disease since childhood, instant release from the hospital is a no go, there will be follow up days of more observation.

That time, a certain Friday afternoon in the sick room.

「Ano ne、Onii-chan。」

In the morning、my friends will be dropping by to play」

Saturday morning of every other week is the day where she can come home once in a while, it's also the day of prolonged inspection at the hospital. This week is for inspection. (TN: So she comes home one week and gets inspection the next) 「Oh、I see。I don't need to be here then」

「Uun、Onii-chan comes too。I want to introduce you。  
Besides、this is the first person I'll be meeting.....」 (TN: Quick reminder, Un = yes, Uun = no) 「Hm? When you said friend was it on the net? 」

「Un、it's a girl I talked to a lot through voice chat」

I can rest assured for now since it's not a man.

「Then the meeting time overlapped with my inspection time。  
During that time、it's bad to let her wait.....right? 」

「I'm fine but、the person came to meet with Fuemi and all、  
I don't know if she'll think badly of this because I'm the one who'll keep her company」

「I think that's okay。  
I did talk to her about Onii-chan through voice chat、  
I'm the only child so I'm quite jealous、she said」

Desuwa, huh. Perhaps she's some kind of well brought up person. (TN: So that friend of Fuemi used Desuwa to end the sentence, which as you all heard in anime, usually comes from ojousama of old times nobles, modern JP don't actually use this kind of ending word anymore so MC had to think about it) 「Hmm、well I'll take up that role then、  
but properly talk to the person in question first okay？」

「Un。 Tonight、 I'll tell her when we talk」

Because my little sister is healthy, an online friend of hers will come to visit. I can't possibly be not happy about that.

Then Saturday, the day after. A little while after lunch I arrived at Fuemi's place.

「Un、 that's the hospital。 The room number is 823。  
Yes、 I'll wait」

Fuemi breathed out after ending the call.

「She'll be here soon？」

「Un、 just barely before my inspection time.....」

「I'll just talk to her at that time then」

「Please take care of that、 Onii-chan」

Then for some reasons the two of us fidgeted while not doing anything much to spend time  
and somebody knocked on the sickroom's door.

「Ah、 Ye—s ! Please come in !」

When Fuemi's tensed voice resounded, the white door slowly slid open.

「Good day、 please excuse my intrusion」

It was a charming girl with black hair reaching her waist that entered. Her yellow skirt and thin white underwear emphasized her overall loveliness.

「Ojousama、 this way。 Please watch out for the door rail」

The person who took the black-haired girl's hands was, also, a girl but with glittering silver hair.

She had this kind of frill apron-like navy blue western clothes, she respectfully attended to the black haired girl.

「Th、That's some sugoi people」

「U、Un」

When I spoke to Fuemi with a low voice, the two of them arrived before us.

「How do you do。 .....judging from the smell、  
there seems to be one man、and one woman。

As you can see、my eyes cannot see。

Please forgive this unsightly aspect of me」

With both eyes still closed, the black haired girl spoke.

「Femii-san and her Onii-sama, I take it?。

I am Florance」 (TN: Onii-sama?! I WISH they would show that kind of R18 scene in Mahouka LOL) Femii? Well the pronunciation of Fuemi's name isn't different anyway

This person is black haired yet her name is so foreign-sounding, I thought.

「That's her handle name、Onii-chan」

I came to an understanding when Fuemi said so.

「Florence-san、good day。

I'm Femii、real name is、Fuemi。 Best regards」

「Yes、Fuemi-san。

My name is Kayari、

Amei Kayari desu。

Please treat me well」

「Kayari-ojousama's servant、Sylvie desu」

The silver haired person also composedly bowed her head. Could it be, that she's a genuine Maid? (TN: Whenever there's a maid, there's lewd, I have hope!) In appearance she's only around my age.

「E—to、Flo.....Kayari-chan、sorry !

I said this yesterday、but since I have an inspection soon、  
sorry if I disappear all too soon」

「Yes、I don't mind。  
We'll take out time to talk later。  
Meanwhile、I'll be spending time with Fuemi's onii-sama」

「Un、Onii-chan。 I'll leave Kayari-chan to you」

「Y、Yeah」

Just when the conversation reached there, Nurse-san entered the sickroom  
Fuemi waved her hand to Kayari-san and Sylvie-san then went away.

In the sickroom now is me, the beautiful blind black haired girl, and the silver  
haired maid.

When I thought about what should I talk about, Amai Kayari-san opened her  
mouth.

「Fuemi-san's onii-sama」

「Yes、what could it be？」

「The other day、you had sexual relations、had sex with Fuemi-san right？」

「.....eh？」

I stood there dead frozen with my mouth opened as is. (TN:  
Bahahahahahahaha)

---

◆ I'll TL another chapter, it's ecchi, well, duh...

## 7. The Ojousama wished for semen. ※ (Double Handjob、Nude with Panties still on)

No sex.....YET.

---

**The Ojousama wished for semen ※ (Double Handjob、Nude with Panties still on)**

With my heartbeat rising, I made my dizzy head function

「Wh、What are you talking about。Fuemi is my important little sister you know。

Shouldn't I not be doing that kind of thing?」

I felt like my Japanese became a little strange there, but I could only play dumb.

But Kayari-san,

「Ah.....my apologies。Please don't misunderstand it。

I don't intend to blame you。

I only intended to confirm what I heard from Fuemi-san」

「From Fuemi you say.....」

When I thought Fuemi did something very careless,  
Kayari-san continued without changing her elegant tone.

「According to Fuemi-san、she's much obliged to the important partner who's been talking to her for a long time。

I know how Onii-sama also values Fuemi-san very much。

And how Fuemi-san's sickness was getting worse up until the other day」

Kayari-san's serious look did not allow me any margin to cut in.

「That Fuemi-san、  
the day she crossed the line with onii-sama her mental state recovered。  
There's another reason except for her delighted mental state、

Would it be shallow of me if I thought about it that way?」

「You're telling me that there's something else ? 」

Kayari-san became silent for a while when I asked.

But soon,

「Sylvie、the lock.....」

「Yes、Ojousama」

When I thought if she was giving instruction to the silver haired Sylvie-san, the maid walked towards the door

She took out a key from her skirt pocket and locked the door.

.....eh ! ? Why does she have the key that only authorized hospital staffs have ! ?

「It has been locked、Ojousama」

「Yes。 Then Fuemi-san's onii-sama」

Then for the first time, Kayari-san quietly opened her eyes.

The pigment color of her eyes were pale, and those pupils without focus points were looking somewhere.

「Please、also have sexual relations with me」

Sylvie-san took of Kayari-san's clothes with experienced movements.

Her bra and panties were also white and yellow, the same with her clothes  
I turned my eyes as if looking at a lost butterfly wandering around the sickroom.

「Sylvie、you're okay with also stripping right?」

「Yes、certainly」

As told by Kayari-san, Sylvie also took off her clothes, she's now in her simple white underwear.

She didn't take off her white knee socks, I wondered if it was cold, or was it that she's matching my tastes.

Wait what, no no!

「Err、Kayari-san ? This is some kind of joke right ? 」

「？ No、it is not a joke。  
I want you to grant me your semen。  
Sylvie、ready？」

「Y、Yes.....this is my first time doing this、but I'll try to succeed」

She only had underwear and socks on, you can also call this almost naked  
Sylvie-san who was troubled about where to look, came to my side  
She snuggled to me tightly and guided me to where Kayari-san was.  
Even after I did ecchi things with Fuemi, these two girls with well developed  
bodies are in their underwear.

「How is it Sylvie、as expected breasts that stick out are.....」

Saying so Kayari-san lower the cup of her bra  
The swelling small cherries were laid bare.

「The male genital in the crotch has gotten big、Ojousama」

Sylvie-san gazed at my lower half and reported.

「Well、then you do it too」

「Yes.....」

While not making eye contact with me,  
she exposed the breasts that weren't as swelled as Kayari-san who put away her  
bra.

「Well now、Fuemi-san's onii-sama。  
Please don't hold back。Please use us to feel good、then give us your semen」

「Uh.....is that okay？  
Fuemi getting better might just be a coincidence you know？」

「Yes、even if nothing gets better、  
I won't hold any grudge against you。Ah、but.....、  
This time we won't be putting your genital inside me okay？  
Touching it a little is fine though」

「I、I understand。  
With your beautiful naked bodies、  
I think I'm really lucky to be able to feel good with them」

「Fufu、thank you very much。  
Sylvie、just do what you can is good enough、  
I'll help you out」

「Y、Yes Ojousama」

Resolving myself, I hurriedly took off my clothes.

「Waa.....this is a man's.....」

Seeing the already erect penis, Sylvie-san raised a voice of admiration.

「Oh dear、is it such an amazing thing ?  
I want to touch it」

Searching for my penis, Kayari-san wandered her hands,  
Sylvie-san clasped and guided them.

「My, my ! It's tender yet hard、a marvelous thing isn't it。  
Syrup used to make babies comes out from here」

Grasping the situation, she glided her innocent fingers from my glans,  
all the way to my ball sacks. (TN: I swear to god...this author loves to cut  
sentences into two lines which makes no fucking sense whatsoever in English. I  
tried my best)

「Ojousama、he looks like it felt good」

「Ara、please feel even better and quickly give me semen okay。  
You can touch my body too」

Kayari-san had a lovely smile while exposing her young nipples.  
I grasped those breast fruits.

「Hn.....being touched by a man's hand、this is how it feels like。  
It's ticklish、and embarrassing」

「Um.....if you touched Ojousama、then me too」

My empty hand was picked up by Sylvie-san as she guided it to her breast.  
I touched beauties' boobs with both hands,  
while having their silky hands stroking my penis.

「Ara ? The penis.....there's some warm syrup coming out from the tip。

Could this be the same thing with when us women masturbate」

「That's correct、Ojousama。

It's love juice for women、for men it's called pre-cum。

It's evidence of them feeling good。 Semen should come out soon too」

They know nothing about sexual intercourse yet.....is this some kind of instinct  
Kayari-san wrapped up my penis with both her hands cylindrically,  
and pre-cum came out like being milked.

「It's so cute。

Similar to my vagina when I masturbated、  
precum-san is coming out」 (TN: Bahahahahahaha)

With a facial expression of loving a dearly child,  
Kayari-san continued to rub my penis.

「Uu.....about Kayari-san、  
Onanism、 do you masturbate ? 」

Sylvie-san's eyes turned to "what are you asking"  
But Kayari-san paid it no mind and answered.

「Yes。 わたくし、since my past time hobby  
is music only。

But at night I can't trouble my family right ?

At night when there's only me in the room、recently I masturbated」

「Fuemi said the same thing」

「Fufu、that's because I got along with Fuemi-san」

We casually kept up a hentai conversation,  
as my penis kept releasing transparent liquid.  
Kayari-san's hands became slippery.

「Men's ejaculation takes quite some work put in huh。  
Onii-sama is not premature ? ejaculating I assume」

Kayari-san's hand seemed to become a bit tired and the movements loosened  
up.

「I also don't know very well but、that's right。

There's still time before Fuemi-san returns」

Sylvie-san timidly touched by upper body and my penis.  
Even when they're not giving up in that nipples-exposing figure while giving me handjob,  
I still didn't ejaculate.

「Err.....about my liking、  
if you do this I'll ejaculate immediately but  
would that be okay？」

「Yes、please request anything」

「Panties、please take them off and let me sniff」

Her gaze was scary so I didn't look at Sylvie-san.

「Oh my.....！ I did hear about men liking this kind of thing、  
but it's actually true。Sylvie」

No matter how absurd it is、  
Sylvie-san did as Kayari-san said。  
Sensing it at a short interval, I coaxed Kayari-san. (TN: 短い間でそれを察知した俺は香檜さんを丸めこんだのだった。)

「Right now.....I'm being looked at by a man」

After Sylvie-san taking off her panties, she gazed without blinking from in front of me.

Next, Sylvie-san who was taking her panties off by herself was stopped, and I used my hands to take them off.

「Uu、you're so ecchi.....」

Bring my face near her crotch with the white panties, I slowly turned the cloth and pulled it down.

I burned the image of her thin pubic hair and her slit into my eyes.  
Then after obtaining 2 sheets of panties, I brought one to my mouth,  
I put one on my head so that the crotch part is at my nose. (TN: HENTAI KAMENNNNN!!!!)

.....later on when I thought back on this calmly, it was some damn embarrassing

sight of me wasn't it.

「Oh my、your penis became bigger than before」

「.....I know right、Ojousama」

This is for the sake of fulfilling these two's request for semen. I put the ojousama-like,

and smooth cloth material panties on my whole face, enjoying it.

It's not even joking to say that my dignity as a brother would say goodbye the moment Fuemi saw this scene.

「As expected、men are born to ejaculate inside women's vagina。  
Just feeling the smell of our crotch、and you're already like this」

Through the holes under the panties,  
I dedicated my vision to Kayari-san's without-a-single-stain vagina at her crotch.

「.....true、right now I'm staring fixedly at an Ojousama's crotch」

The image of a vividly beautiful cave was projected to my eyes when she drew her hips,  
Sylvie-san's slit.

「Well、I'm sorry。You really want to put it inside me、  
to ejaculate and make babies right？  
But since today I can't really go that far.....  
Ah、then you can touch it」

「Yes、please」

「An immediate reply.....」

I reached out my hand to Kayari-san's lower half, touching her well-fleshed thighs lightly,  
I reached to her secret place.

「Hn.....」

To her patiently-waiting-to-bloom flower, I traced the crack, pressing it and enjoyed the flexibility.

「It's fine to touch mine too、you know」

Similar to when it was with the boobs, my hand was guided to Sylvie-san's secret place.

If Kayari-san's pussy is a peach full of elasticity, then Sylvie-san's slit is like a juicy mini-tomato.

「Ah.....Ahn.....being touched by a man、  
It feels better and different than masturbating right、Sylvie」

On the side of the vagina, probably near the clitoris, if I touched it, Kayari-san leaked a high pitched Ojousama elegant voice.

「Nn、nn、hnn !  
I err、since I don't masturbate that much.....、  
Aah.....I don't know」

Sylvie-san frantically squeezed out her voice.

「It's fine。 Please tease my genital more。  
We'll give your penis affection too」

Bending her hips a little, she displayed the insides of her vagina, Kayari-san's balanced body shook lewdly.

「Please ejaculate soon。 Ojousama's and mine、  
our naked bodies are being exposed to the eyes of an opposite sex you know ? 」

She spit out words of stirring up my sense of domination while pushing up my ball sacks.

The fingers of my both hands touched different types of vagina, and 4 hands of similar smooth skin stimulated my penis from all directions.

「Ya.....ahn.....the tip of the penis became big。  
Could it be、you're ejaculating?。  
By all means、we'll catch everything with our hands」

For the last spurt, Kayari-san's hands intensely rubbed my glans, Sylvie-san clutched my balls while putting my nipples in her mouth. (TN: Ouch.....)

「Nchu.....chuu.....。  
It's for the sake of Ojousama。

Please come with all your might」

Being wrapped up in beauties' smell of their crotch, and received eager service from them finally made my penis surrender.

「Ah、the penis is trembling、coming。  
Somehow to let it not spill、Sylvie」

Continuing to ejaculate, my penis wrapped her palms in silky whites, it furthermore made the pleasures more pleasant.  
Before long, their hands became all sticky with my semen.

「This is semen.....hn、*licks*。  
I heard that it's bad、but if I compare it to the Russia food I had the other day、the taste is really reach and it makes my heart beats」

「Ojousama、how did that comparison.....、  
Please also have my part」

Before me who's soaking into the afterglow of ejaculation, two beauties are licking my semen as if testing the wine.

「Sylvie、I'm fine with one hand。  
You try tasting it too」

「Y、Yes.....*licks*」

The two of them licked and cleaned the swelling semen on their hands.

---

◆ Alright sorry guys, I should've posted yesterday, but the chapter turned out to be so damn long that I couldn't finish before going to bed.

◆ Also, I'll post Yandere Chapter 6 on Pun's site now, look forward to that too.

## 8. The situation afterwards (No ero)

Shota-sized chapter.

---

### The situation afterwards (No ero)

Reeking of male semen odor,  
the fragrance of sexual excitement drifted from the naked bodies of the two beauties so I turned the sickroom's ventilation system on.  
Then I drank the soft drink prepared by Sylvie-san to replenish my body.  
Then the tired Fuemi returned to the sickroom after the prolonged inspection.

「Fumyu～、Onii-chan」(TN: You'll understand the strange word after reading next line)

Fuemi clung to me and buried her face into my chest.

Is the smell of Kayari-san and Sylvie-san still around,  
would the thing I put into my pocket get exposed, thinking about such things my heart raced.

「Fufu、you are really close」

Putting her hand on her somewhat glossy-skinned face, Kayari-san smiled.  
Sylvie-san offered Fuemi a hot drink without changing her facial expression.

After that, I had fun chatting non-stop with the three girls until the end of visiting hours.

I was worried because Fuemi strangely showed skinship in front of people right after I had an ejaculation.

---

◆ I have some errands to take care of for this college fall semester so I was, and will be, slow for this week in terms of chapters. Have a Chem placement test tomorrow, but when I get home I'll edit Yandere on Pun's site, then another Healing Semen if possible.

◆ Also, many thanks to the 2 people who donated. I didn't hope to see any

donation soon so I didn't check my Ko-fi. Sorry if you were waiting for Q&A, but I gotta settle stuff for the semester before I can just chillax for the rest of July.

## 9. The first time a man's semen reflected in her eyes I ※ (Double Kiss、Double Handjob)

CHAPTER LONG AS FUCK.

---

### The first time a man's semen reflected in her eyes I ※ (Double Kiss、Double Handjob)

Some time after the dream-like period of time of pleasures when Kayari-san and co. came to visit.

My previous life style of coming to school and Fuemi's sickroom, I thought it would return to that.

Pinpoong, my home's bell rang.

Thinking about whether it's my parents' occasional luggage for work or gifts arriving, I went to the entrance.

Today I also came home alone from the hospital, it's only 7 PM now.

When I opened the door, there,

「Good evening、dear」

In a space where the Sun was sinking, an angel shining of corona has descended, I thought.

It was Kayari-san whose body was being wrapped up in a knitted great bright white one-piece dress.

On her face, at the height of her gaze, a white ribbon wrapped around her. (TN: Blindfold, SM ga kitaaa JK)

「I apologize for the sudden visit。

Would it be alright if I came in?」

Before long, Sylvie-san, who was waiting from behind, respectfully bowed to me the same way a few days ago.

「Y、Yes、please come in」

I was surprised, but I also couldn't turn them down without letting them hear a reason.

I invited the two of them inside the house. (TN: Then grant them death by snusnu?)

「Ano、I'm the only person here、is that okay」

When was about to go to the living room,  
Kayari-san stood in the entrance as is without even taking off her shoes and asked.

「Yes? What is it」

Kayari-san slightly leaned her body forward,

「This blindfold wrapping around my face、  
I want you to remove it」

As she tilted her head backwards, my heart race, thinking if she's tempting me for a kiss.

「Yes.....I'm fine with it but」

「Then please」

Trying to shake off the thoughts of recalling Kayari-san's naked body a few days ago,

I reached out to the knot of the ribbon on the side of her temple.

I pulled the strand hanging from the butterfly tie on the side and unfastened it.

Kayari-san's long eyelashes and her closed eyelids became visible before my eyes.

「Ah.....this is your、a man's face、isn't it」

Inside the opened jewel box there were two obsidian stones, my image was reflected in them.

Those pupils weren't similar to those I saw in the sickroom a few days ago when there was no focus point.

「More than what I've imagined、  
your face is even more manly and graceful」

Holding my cheeks with both her hands, her moistened pupils drew closer,

「Hn.....chuu」(TN: YUP. This guy is a God, he cured blind with semen)

I felt the touch of her ripen fruit flesh-like lips.  
They fully pressed against me for many seconds.

「Chuu.....haa。 For granting me lights、  
Thank you very much」

Kayari-san smiled with her cheeks red,  
it was really cute my chest throbbed and I couldn't calm down.

「Kayari-san's eyes.....they can、 see ? 」

Leaving the kiss aside, it surprised me when when those pupils gazed at me.

「Yes。 As expected it was your semen、  
The fact that it contains something special is undoubted。  
.....In fact、 I would like to receive that semen tonight too、  
thus I'd like to ask you for that」

Grasping the hem of her pure white one-piece dress,  
a blushing beauty is wishing for my semen.

「Ojousama's eyes are still not perfecting working。  
Other people must come really close for her to see。  
I would also ask for your kindness。  
If you have any kind of desire、 I'll do it all so.....」

She suddenly rolled up her skirt, an extremely thin panties different from the  
other day came into view.  
Like this, even if I was some distance away I would still be able to see Sylvie-san's  
thin pubic hair and her vagina.

「I too, came here tonight in the mood of offering my everything to you。  
This clothing is in fact, a wedding dress to entrust my chastity to you」

Opening the knitted white one-piece dress, she showed me her naked body.  
In other words, she entrusted her pure breasts, skin, the vaginal hole that's  
protecting the hymen, to me.

「If Ojousama's offering hers、 of course I'll also do the same。  
I'll treat you as my Master、 please use this body to your liking」

「Me.....Master ? 」

「Yes。 Kayari-ojousama helped me when I was little。  
Then you, the person who saved that Ojousama、 is no doubt my important person」

Presenting her virgin secret crotch to me,  
those were the silver colored eyes of showing loyalty and sincerity.

What I'm being asked for is that, I can release my seeds into the wombs of these two beauties before my eyes as much as I like to.

Suddenly being bestowed such delicious feasts, my penis instantly swelled,  
wishing for pleasures,  
my brain started to calculate in which way should I ejaculate to give the most extreme pleasures.

「This room and bed is where you've always rested.....」

Inside the huge room that usually there's only me,  
I'm being pressed against the skin of a lovely Ojousama and an obedient maid on top of the bed.

「Starting now me and Ojousama、  
will be embraced by Master here」

「Yes、 but if I had to say then、  
more than “to do”, I prefer “be done” more」

「As long as you're happy I'm good with either way、  
I want to make you feel good too」

「I too, to make Master satisfied、 I'll do my best.....」

「Then I'll strip your clothes.....」

Pulling Kayari-san's one-piece dress down from the shoulders,  
I gently stroked her voluptuous breasts that were being wrapped up in her no-wired bra with my palms.

「Just with the touch of your hands alone、 I already.....hnn ! ? 」

When I looked at Kayari-san's pupils that were full of passion, I lost it and kissed her.

Even when I put my tongue in from the beginning, Kayari-san also quickly accepted it and twined our tongues.

「Nnn.....nfufu、I'm so happy seeing your face。  
Chuu、churu.....I decided to see you for my first time seeing a man's face、  
The fact that I can now see、I have not even reported to Father and Mother too。

Nn.....nn、nfu。 And thanks to that、I fell in love at first sight with you、  
that love can really bear fruits like this。 Amuu.....chuu」

I took off Kayari-san's clothes while kissing passionately,  
I enjoyed the softness of her breasts while taking off her bra.  
When I reached my hand to her panties, the part at her crotch was already moistened.

「Nfufu。 When I thought about being penetrated by you、it became like this。  
My naked body、and my vaginal hole too、will accept your penis」

I rubbed her smooth and wet vagina, massaged her young flexible butt,  
while stripping off the white panties.  
Kayari-san's bare skin glued to me without a single thing to defend herself.  
Her nipples and slit brazenly rubbed against my chest and penis, stirring up my carnal lust.

「Now then、this time is Sylvie's clothes」

「Yeah.....」

Sylvie-san's navy blue clothes that could be said to be her raison d'être, have already been opened bare.

What's left is how it's basically telling me to use my hands to strip her.

「.....Master、my lips too...」

「Sylvie-san.....」

Closing her eyes in an unladylike manner, Sylvie-san pestered me for a kiss by holding up her sakura colored lips. (TN: The raw says she holds up her lips like eating...and it sounds pretty shit so I'd just let you people know that it's there)

「Hn、nn.....nnn」

Though she raised a muffled voice, she proactively accepted the deep kiss  
When I slurped, Sylvie-san offered me her saliva.  
Drinking up that nectar, this time it was me who put my tongue and pour my  
saliva into her mouth.

「Hnnn.....*gulp*。 Mwa、sher.....hn.....I love you」 (TN: Master\*, and goddammit  
LOL)

Being stripped of her clothes, she's now only in her see through underwear,  
and her obedient heart.

I stuck to Sylvie-san's underwear, diligently licking her.  
Now with my saliva, her transparent bra and panties can't conceal her bare skin  
anymore.

When I pinched her nipples on top of the cloth,

「Ahnn、do you like my boobs？  
Master please tease them as you please」

Suppressing her embarrassment, she spoke those docile words.  
Spoiling her, I played with both her nipples.

「Now dear、it's about time we service you」

I couldn't get tired of touching Sylvie-san's nipples,  
so Kayari-san snuggled in between and pushed me down to the bed.

「Haa.....aan.....feels good。  
The body of the Master who gave my nipples love、  
this time I want to be the one making it feels good」

Sylvie-san pressed her swelling red nipples against me.  
I received the pleasant pressure from 2 nude beauties on my left and right.

「I want to put you in a daze by the best pleasures from us。  
Amuu.....chuu.....nhn.....」 (TN: Femdom incoming? Hopefully not)

Kayari-san covers the right side,  
she kissed me intensely while wrapping the tip of my penis up with her hand.  
With it being more skillful than last time, her pace made precum come out from

my glans.

「Master、please also leave it to me。  
Hnn.....*lick*.....nnhnn.....please drink my saliva」

Sylvie-san snatched my lips from the side,  
she poured a large amount of warm and slimy saliva into my mouth.  
It warmed up my throat like some kind of aphrodisiac.  
Sylvie-san puts her hand just exactly on my glans,  
and the pleasures increased as she spread precum out.

「Chuu.....hnnn.....kissing us who are loving you、  
which side is better？」

「Hn.....Master、whenever you feel like it  
please let out your semen。  
I'll continue rubbing it so.....hamuu、hn、nn」

I indulged my mouth into the sensation of different lips and tongues every few seconds.  
My penis was constantly being squeezed out semen by the girls' hands crawling around.....。

「Nchuu、your face is showing that you're gradually feeling better and better。  
You're feeling pleasures from my kiss and my hand right。Hnn、chuu.....chuu」

Rubbing her breast against me from the upper-right, Kayari-san guided my right hand to her vagina,  
Hot love juice was oozing out, as if using my hand to masturbate,  
she rubbed it against her clitoris.

「Master、are you ejaculating now？  
Even if you ejaculated our nude bodies would make you erect again to put it in the pussy」

Sylvie-san from the upper-left also guided my hand to her pussy,  
then put my finger into her hot vagina hole that was wet with love juice.  
She moved my finger to stir up a shallow part of her vagina while matching it with playing with my penis.

「Ufufu、I offered this body to you so、

you can take my virginity any time you know? Nchu.....hn。  
I'd be happy if you ejaculate using my naked body many times」

Does she understand the vital points of my penis already?  
Kayari-san's way of using her hand now doesn't allow me to even think of running away from the pleasures,  
as if teasing me for as long as she could, she slackened her grip, giving me pleasures.

「Hn.....if Master wants to mate after all、  
I'll paint the semen you released on my hand on my vagina。  
Putting it into this baby passage that's wishing for a child、perhaps it'll be sent into my womb」

Sylvie-san who's squeezing my finger tightly with her vagina hole offered a terribly corrupt proposal.

「Fufufu、Master's reaction of always wanting to mate is so manly and splendid。  
Please make babies with me countless times tonight。  
It's a virgin pussy but、I think it's yearning to give its best」

「Chuuru.....darling、fufu」

「N—hnn、Master」

The chain kisses from the beauties and their service on my penis,  
Not even know who I am anymore, pleasures welled up.  
Absolutely, their naked bodies and their uncivilized narrow genitals,  
and being poured saliva into the mouth from both directions,  
with those nutrition being prepared, my penis was ready for ejaculation.

「Ahnn、your marvelous juice is coming out」

「Master with that happy facial expression  
I too、feel honored」

「Uaa、ah、aaa」

Even when I reached climax, the two of them still kept up the persistent caressing service on my penis,

I let out an unmanly voice while continuing to send forth sperm.  
With the pleasures of leaving my body to the women who I mutually adore,  
not just my body but also the sense of security given by joy of sex is also there.

「Hnn、wonderful。 I swear to give your penis love、 for the rest of my life」

Even after I already ejaculated, they kept up the gentle caressing on my glans,  
I got this pleasant hallucination of climaxing and letting out semen unendingly.

「Chuu.....Master、 I will also be by your side forever。 Hn.....chuu」

With Kayari-san's holy mother-like smile,  
I received a kiss from the faithful to orders Sylvie-san while,  
my penis continued to tremble in joy and reported the pleasures back to me.

---

◆ That was one damn fancy chapter. I swear I died a bit inside trying to word author's flowers and butterflies way of narrating. I thought I could finish this yesterday too, but turned out sex chaps are almost as long as QnA chaps...

◆ Speaking of which, I'll try my best to squeeze in Q&A tomorrow, been delaying it quite a lot because of college affairs...

## 10. The first time a man's semen reflected in her eyes Ⅱ ✂ (Ejaculate in Missionary、Cowgirl consecutive ejaculation、Deflower×2、Ojou-sama、Maid)

Always impressed by the title I must say...

---

**The first time a man's semen reflected in her eyes Ⅱ ✂ (Ejaculate in Missionary、Cowgirl consecutive ejaculation、Deflower×2、Ojou-sama、Maid)**

My consciousness might have soared away for a few seconds because of excessive pleasures.

「Lick.....chuuu.....if you don't lick all the semen」

「Ojou-sama、it's drooping down the other side of the penis。By all means」

「Thank you。Hn、it's delicious」

There are 2 pair of butts that swelled into charming curves, they were being fluttered back and forth as if showing off their labia to me.

A warm and moistened tongue is crawling around my penis, slender fingers are stroking along my balls.

As these lewd fairies are playing with my penis, I reached out my hands to their crotch.

I rubbed all over Kayari-san's white butt that didn't have a single sunburn with my palm while, digging my middle finger into her genital, which was wet with transparent juice.

「Aaahn、darling。Are you taking my first time」

More love juice leaked out, making my finger slimy with hot liquid. Kayari spoke while reluctantly separating from the cleanly licked penis, she changed the direction of her body and lied down next to me.

「By all means、please put your penis inside my vagina and poke me.....」

I raised my upper body and gazed at Kayari-san's flushed body.  
It's around C-cup, and they're swelling in the shape of Japanese soup bowl with the two lovely peach-colored nipples standing up.  
On her white skin, around the crotch that was wet with love juice, light is being reflected bewitchingly.

「You're beautiful、Kayari-san」

As I said some standard words, Kayari-san spread her legs as if urging me.

「I'm happy being praised by you。  
What about、this place.....、  
I want to be violently lust for by you」

Opening the flesh flower petal that nobody is allowed to intrude,  
nectar dripped from the thin hole that tempt men's pleasures to her anus.  
Not being able to bear it, I pushed my penis against Kayari-san's vagina,  
I wet my glans with her love juice,  
while enjoying the warmth of her labia and the softness of her lewd and twitching vagina flesh.

「Hn、ah、by all means Darling。  
My inside.....please come in」

Pyu, the pink vagina hole shrank, love juice came out, hitting my glans.  
I want to hurry up and put it in, indulge in pleasure and ejaculate,  
I pushed my swelling penis into the narrow hole.

「Naaa、aah、just like that、come in deeper」

The vagina wet with nectar swallowed my penis.  
I think it went in easier than that time with Fuemi,  
but soon I felt a thin flesh wall stopping my path.  
My glans tried to seek pleasure there, but I soon slipped through it quickly.

「Au..... ! Ah、Darling、I'm feeling good。  
Please enjoy yourself too」

I was hugged firmly by Kayari-san's out-stretched hands,  
I pressed on her voluptuous breasts while sticking to her from above.  
Burying my face into her long black hair, I inhaled the thick fragrance of a

beautiful girl while restarting my penis' intrusion.

I smoothly went into her depth.

However, the swelling semi-circle shaped flesh of her inside wrapped around my penis, stimulating it from every direction.

「Opening my inside up with your penis.....、  
does it feel good ?

Don't worry about me、  
continue until you released your semen okay?」

Kayari-san said with a satisfied smile while stroking my back.

Sometimes when she moved her crotch,

I felt precum leaking from my glans because of how good pressing against her  
her depth felt.

「Nnu、aahn.....this is making babies with a man。

Feeling good together with you、aahn.....I'm really happy」

「Me too.....being able to do this with Kayari-san、kuu、it's a blessing」

「Yees。I want to make you happy、and make you feel good、  
then I want to have your seeds poured into my womb。

Hn、naa.....ejaculate deep inside anytime you want okay?」(TN: Right, now can  
we stop the lips service? I feel like Hero Machine on Pun's site all over again.....)

When I think about it, this unknown beauty who might be a sheltered daughter  
of an unknown distinguished family,

she's embracing me naked while trying to make a baby.

I'm rubbing my penis against the deepest part of this pure beauty's inside,  
then I'll spit out my seeds, filling her up while being hugged by her womb  
entrance.

「Kayari-san.....if anything ever happens、I'll protect you」(TN: OMFG LOL.  
THIS IS NOT A SHOUNEN MANGA YOU TARD!!!)

「Yes.....receiving such words from you Darling、I'm deeply moved。  
Without reserve、please love my insides。

I too、will also love everything about your penis」

She tightly embraced me, then licked the back of my neck.

As she licked the sensitive swelling part of my neck, I felt shivers.  
I pressed my penis against her womb entrance, making her vaginal flesh wrap around me,  
while having my desire to ejaculate to this strengthened.

「Hn、ah、aah.....by all means Darling。  
Please send your love into my vaginal inside、and my womb」(TN: Okay, she's been using "douzo" for like 9000 times already, so don't ask me why "by all means" this and "by all means" that...)

Wishing for my semen, this lewd and lustful girl instinctively shut her inside.  
My whole body is touching the soft and smooth naked body of a beauty,  
My penis was tightened by a female genital that would make even a first-time penis want to fulfill its role in making babies.

「Hn、hn、nfu。If you make me pregnant、  
I'll carry your、first child。Hn、chuu」

Answering the girl's wish, I got into a heavenly mood,  
and began to ejaculate inside the smiling girl in before my eyes.

「Aah、ahn.....hot thing is coming in。  
Aah.....Darling、thank you so much。  
I'll accept it thoroughly with my womb」

I soaked into the pleasure of climax, and the beauty in front of me happily received the seeds with her womb.  
Her wriggling inside sweetly and intensely rubbed against my glans, wringing out even more of my semen.

「Your semen、I certainly have received it。  
Hn、nfu、your penis is shivering again。It's fine to let it out until the end, you know」

She shut her crotch tightly, letting her greedy vagina suck up all the semen inside my urethra without leaving any behind,  
I offered my semen with an entranced expression on my face.

「Uaa.....haa.....」

「Hn、nfu.....」

After sex with Kayari-san, I submerged myself into the reverberation of ejaculation and the naked body of a beauty.

「Thanks for your hardwork。 Master、 Ojou-sama。 Please excuse me」

Sylvie-san who had been watching, raised her voice.

Then, she took the penis that was still connecting to Kayari-san out.

Sylvie-san smoothly stroked the penis, giving me pleasant feelings then released it.

Then, she put her hand on Kayari-san's crotch, stirring for something.

「It's to make sure sperm don't leak out from inside the woman who wished to be pregnant」

I rose from the bed, watching over Sylvie-san who's operating in front of Kayari-san's opened labia.

She put a towel under her butt, then leaned so that semen won't leak out from her vagina hole.

Then, she stuffed something thin as a tampon into the vagina hole. (TN: HAHAAHA PUSSY PLUG FOR 100% PREGNANCY BOIS)

When it already properly went deep inside, given that she wants the penis to go inside and ejaculate again, it was a lewdly opened vagina hole.

When I unintentionally reached out my hand to touch the flesh flower bud of her labia,

「Master seems to still be desiring a lady's pussy。

Next, please look after me」

Pushing her bare tits against me, Sylvie-san pushed me down after kissing me.

「Hn.....chuu。 Master、 please leave everything to me。

To make Master feel good while shooting his seeds、 this first-time pussy will be in service」

Sylvie-san grasped the penis with her small hand,

Seems like she got wetter watching me and Kayari-san as she rubbed my glans against her smooth vagina.

「Master only need to think about ejaculating into my womb、

while enjoying my pussy's service」

I ejaculated a lot twice and yet,  
thinking about being able to ejaculate into this silver haired beauty from now on,  
gradually it began to swell hard and big.

「Hn、it's huge、Master's genital。  
I'm welcoming it into me」

Once again my penis was wrapped and rubbed against by the vicinity of the  
vagina hole,  
after being thoroughly covered with Sylvie-san's love juice,  
it was guided into the small opened entrance underneath her slit.

「.....ahn、my inside is being spread.....while it enters」

While there was intense wave-like motion, the sensation of girly smoothness  
from her vagina hole continued to sink into my glans.  
Her springy boobs didn't lose to gravity and slightly shook,  
while Sylvie-san swallowed her first penis on her own.

「It doesn't hurt ? 」

「Master, you are kind。Without needing to mind me、  
please enjoy my pussy」

She smiled gallantly while dropping her hips, guiding me into her depths.

「.....ow ! Master、I'll also service your mouth okay。  
Hn.....hnnー、chuuu」

When my whole penis was inside, Sylvie-san leaned on me and we kissed  
vigorously.  
Because the depths of her vaginal inside isn't stopping from intensely clamping,  
my glans that wished for the womb of the beauty was moved inside the  
wonderful service of her vaginal flesh.

「Hnnnu〜、Master's penis、it's so sturdy and splendid。  
Please become even more splendid with my pussy's service、and release your  
seeds」

Sylvie-san look at me from above with her brave smile,

while I looked at her narrow vagina that swallowed my whole penis.  
Her love juice, my precum, and pure blood of a maiden that only shed once in her life.

The pink mixture of liquid coiled around my penis,  
boosting the pleasures from the service of her vagina flesh.

「Yeah.....it feels really good」

「Yes、please release just like that。  
Hn、hn、haa.....I'll also service you while you ejaculate、  
I want to give Master pleasures from heaven」

My excitement was always cut off after ejaculating while masturbating, but now I just keep feeling happy eternally when I'm having sex with a beauty. Furthermore, I might make this silver haired beauty pregnant, it's the most extreme sense of accomplishment for a man.

「It's good、Master。  
Inside my vagina、while aiming at my womb、fire to your heart's content」

Her transparent sweat fell from her nipple into my mouth.  
Holding that pink flower bud in my mouth, I entrust everything to how Sylvie-san's moving her hips. (TN: I'm confused too, not sure what the hell is happening here...)

When I circled my hand to enjoy the sensation of her small butt,  
my penis was glued tightly to her womb, not letting it go.

「Master.....aah、I love you。  
I'm fine being after Kayari-sama、and Fuemi-sama so、please love me too。  
Please shoot it inside my vagina、make my womb drink it、make me pregnant with Master's child」

Intensely tightening on my glans, my semen, which should've been completely emptied out, began to release again.

「Ah、ah、aah。Thank you very much、Master。  
Being made into a woman、it's an extremely happy moment」

Like her declaration earlier, after I ejaculated inside,  
she brush her silver hair while moving with her vagina tightened.

Emptying my ball sacks, my seeds were fired rapidly into her womb to which my glans was sticking.

「Hn、nhaa.....you're the best、Master」

Even when it's twitching, her sweet pussy still did not stop the service.

「Master's enchanted face.....I also felt really really good。  
Please stay like that and taste heaven with my pussy for a bit more」

She's happy over my feelings rather than her own pleasures huh,  
Sylvie continued to rub my sensitive penis with her vaginal flesh, leading me into a non-ejaculation climax.

With my vision dimmed, a lax and pleasant feeling continued to stream through my brain.

「Well.....Sylvie also made you come this much」

「Ojou-sama、would you also drink the drooping part ?  
It went inside my my vagina but.....」

「It's fine。 It's liquid coming from my beloved Sylvie after all」

Kayari-san sat up and taste Sylvie-san's vagina while she was having her crotch opened.

From there she drank the semen drooping down.

「Fufu、Sylvie's womb would be lonely if I drank too much」

「Hn、aah.....then I'd just have to service Master's with my pussy again。  
I'm also confident that I can make him cum more than Ojou-sama」

「Ara、you said it、this is rare。 Fufu、then.....」

Then Kayari-san once again lied down facing up, looking at me.  
No, to be more precise, she was looking at my penis that got a hard on from looking at the two of them fooling around.

「Which of us is more satisfying、let's find out」

「That's good enough、Ojou-sama」

The two beauties who got traces of semen in her crotch straddled me.  
Even if I'm already way passed my limit, my penis is loyal to its instincts of

wanting to mate.

「Nfuu、while your penis is hard、  
please go into my vagina」

Being smoothly swallowed by the lewd hole, it gave me nothing but pleasures inside her sweet meat.

「Nchuu、Master。Tonight, with me  
please enjoying making babies to your heart's content」

The black haired beauty swallowed my penis with her vagina, then shook her abundant breasts and hips,  
the silver haired beauty rubbed my nipples while drinking my saliva with a deep kiss.

「I understood how to make your penis rejoice。  
From now on, among the girls you ejaculate into、  
I want my womb to be the one you filled up the most。  
If you don't want to ejaculate please just tell me。  
Ah、aah、aahn.....I'll make you feel good with my pussy」

I filled up Kayari-san's vagina deep inside.

「Hn.....Master、I'll make you feel happy with my vagina again」

My penis quickly entered Sylvie-san's intense hole.

「Darling.....chuu、chuuu.....I want to make babies with you forever」

Kayari-san licked my whole body with her tongue while I melt.

「Master's juice.....nhaaa、hnn、hnn.....please pour it into my pussy。  
To not let it spill、I'll drink all with my womb.....aah、aaahnn」

With Sylvie-san's tight inside not letting my glans go, I gushingly ejaculated again.

「If it's you Darling.....you can mate with Sylvie again。  
My pussy is the best right?。  
If you're going to love me lots again、don't hold back and release okay?」

I seemed to have become a slave of this unbearable pleasure.

「Hn、hn、Darling。Nfuu、your penis is also jumping in rejoice」

「Chuuu.....n~chu。Masteer。

Please release more into my belly、make me pregnant with your child」

I continued to get my semen wringed by the girls until late at night.

---

◆ Alright peeps, I will be honest, this novel is so fucking boring to TL. It may just be me, but there are a LOT of repetitive lips service and fancy wording. I'll give it a few more chapters before deciding if I would continue, the Author isn't updating for more than a week anyway so...

## 11. Business (No ero)

Nurse getto.

---

### Business (No ero)

Not just Fuemi, but I also had affairs with Kayari-san and co., it's been a few days.

Kayari-san comes to Fuemi's sickroom everyday, and had fun with talking about girl things.

When I was called from the other side of the hospital hallway by Kayari-san, her eyes had really been recovered to not less than an ordinary person. But then considering Kayari-san,

「If it's your figure, then I'll recognize it despite how far we are apart」

or so she says.

Being told so I was embarrassed and stroked Kayari-san's hair.

But aside from that.

Speaking of where to go inside the hospital, it's usually Fuemi's sickroom but, right now I'm standing in front of a different room.

Nerve treatment special room, I confirmed that name and knocked on the door, it opened after that.

「Good day, Onii-san。 You came」

「G、 Good day」

It was a pony-tail haired female doctor with a husky voice, and a light brown, long haired nurse.

The female doctor's family name is Matsunami, she's been performing medical examination for Fuemi many years.

The nurse Takemitsu-san is also an acquaintance that I'm much obliged to.

「Well、it's a long story so why don't you sit down on that bed?」

There should be a round chair normally, but I can't see it around today  
As told, I sat down on the bed that was covered in white sheets.

「Now then、first off is about your little sister、  
she's in a surprisingly good condition that we didn't expect at all、  
almost perfectly healthy」

Waving her hands greatly like a certain opera company's campaign, doctor  
Matsunami said so.

「That's seriously something delightful。  
For doctor Matsunami's long-time effort on taking care of my little sister.....、  
thank you very much」

Doctor Matsunami changed her expressions when I gave my thanks,

「Fumu.....the person who was decided to be put under my care next、  
Amei Kayari-san」

I stiffened the moment Kayari-san's name came out,  
to which doctor Matsunami sweetly smiled.

「How do you think I should report this case so that other people understand ?  
We'll、impossible right?。She's been under strict treatment for many years yet、  
hearing that she was cured from the patient herself made me troubled」

「Umm.....Matsunami-sensei、what exactly do you want to tell me」

My act was crushed by the female doctor sitting some distance away.

「I never thought that drinking semen of a young man could cure diseases、  
you can't just go ahead and say that, can you。  
The trust that you built up slowly would collapse。  
On the TV、saying that drinking this can cure cancer、  
with the authorization from Doctor 〇〇、  
some people from the scientific society are going to try making money out of  
you。  
I don't want to be looked at that way, you see」

She's dragging this out too much, so I couldn't bear the boredom and spoke.

「What does Sensei want to do with me ? 」

「Yeah、I like people that are quick on the uptake。  
Fuemi-chan's brother、I want you to cure Takemitsu-san too」

She pushed Takemitsu-san's back,  
The nurse who has always been hesitating now stood in front of me.

「Takemitsu-san、is her body being sick somewhere ? 」

I gazed at the devoted nurse who has always been taking care of Fuemi.  
It's going to be warm season soon, but she wears long-sleeved clothings.

「Y、Yes、I'm err.....」

Though Takemitsu-san showed hesitation,  
she rolled up her sleeves.

「This is.....」

Her skin was slowly exposed.  
Women as young as Takemitsu-san should have fresh white skin and yet,  
she had dark red patterns here and there.

「When I was young my house got on fire、  
my body.....is like this everywhere」

「That's.....really some hardships, isn't it」

She couldn't even show it to her classmates,  
so it must've been hard during PE classes.

「Whenever I think that a man would hate me after seeing this、  
I was scared.....so I've always been avoiding them」

To say nothing of men, it would even bother other women.  
Such worries coming from Takemitsu-san were right on the money.

「Takemitsu-san is the granddaughter of this hospital Chairman、and the lovely  
daughter of the Director。  
Sometimes I myself perhaps also depended on Takemitsu-san but、  
if she stays in this state、she can't get married right ? 」

「Marriage you say.....do you know my circumstances ? 」

「Yeah that's right。 You're having an affair with the daughter of Amei Medicine Manufacture。

Well currently in Japan、 there's no such things as bigamy、 or polygamy so、 we'll manage somehow」

When I thought it was too rude towards other people's affairs,

「Umm、 as expected onii-san.....、  
you don't like、 umm、 doing it、 with me right?」

Takemitsu-san hid her skin under her long sleeves,  
but she's looking at me with an almost-crying face. (TN: Check mate. Men are such simple creatures LOL)

「No、 it's not like I hate it。  
I did it with Fuemi、 and Kayari-san already、  
and in all probability、 I don't think I wouldn't do it with Takemitsu-san but、  
umm there's also the problem about taking responsibility.....」

「It's okay ! succeed or no、  
if it's Fuemi-chan's brother then、  
I don't really mind it。  
Please。 If you can cure my body.....、  
please give it a try even just once」

She's been taking care of Fuemi for years but,  
it's the first time I saw Takemitsu-san raising her voice that much.  
She probably thinks about wanting to erase the burn marks from her skin that much.

To the person who has always supported the lonely Fuemi during daytime,  
perhaps I should really return the favor.

「.....I understand。  
Takemitsu-san、 please treat me well then」

「Y、 Yes ! 」

When I grasped her hand, she also timidly put in some strength.

---

◆ Kay, obviously, sex chap next. It's long as fuck though, so it's a matter of luck

whether I would be able to finish next chap tonight.

## 12. Nurse ※ (Handjob、Paizuri fellatio、Nurse)

What can I say, less annoying than the last sex chap.

---

### Nurse ※ (Handjob、Paizuri fellatio、Nurse)

「Now then Takemitsu-san、I'll be leaving。  
Just leave one drop on that petri dish and it's gonna be okay。  
If it's not enough then you just need to be a good girl and try your best for your young boyfriend」

She left, leaving irresponsible words behinds as usual,  
Doctor Matsunami left the room.

Being left behind, me and Takemitsu-san couldn't look at each others in the eyes,  
she's making an embarrassed face.

「Umm、how should we do this？」

At my words, Takemitsu-san flinched with a start.

「No.....in what way can Onii-san ejaculate?」

「That's、sex is the best way after all but、  
that's a no go for Takemitsu-san right?」

「.....yes、I'm very sorry」

「Then if we use your hands、  
or use your mouth to lick me then it should be good」

「Hands.....and mouth.....okay。 Then、I'll try my best」

「Well then、let take off our clothes」

「Y、Yes。 Well、please don't look too much, okay?」

「It's going to be hard trying to ejaculate while not looking、  
So、that's an impossible request」

「Right.....Uu、I'll try my best」

Even though tears formed in her eyes, she undid the buttons on her nurse clothes one by one.

I quickly became having only my trunks on me,

I folded my clothes and put them on the bed.

「Ah.....Onii-san is looking」

After taking off the nurse tunic and skirt,  
she only had her white bra and a full set of stockings left on her.  
Her see-through panties had a small ribbon right under her abdomen.

From her arms, legs and neck to her abdomen,  
traces of purplish red burnt marks were spread out.  
But because her breasts are considerably large,  
and the lines drawing her hips and butt were really feminine, she was charming.

「Takemitsu-san、please look at me here」

Looking at her, I pointed at my trunks which were making a huge tent. (TN: Kyaaa, hentai desu)

「Au.....Onii-san、that's」

「Yes。 It became like this because I looked at Takemitsu-san's body。  
Please have more confident in yourself。  
Because Takemitsu-san's breasts look really soft、  
and your butt is also so beautiful, I want to bury my face into them」

「Th、That's embarrassing、 geez」 (TN: AS EXPECTED MY DEAR READERS, are you ready for the lips service??)

「Now、let's have some skin-ship without being afraid」

「Uu.....okay」

Inviting Takemitsu-san to the bed,  
I glued my body to hers as if hugging each other tightly.  
Without hesitation I traced my hand on her back, through even the scars,  
then caressed her butt across her stockings.

「A man's body、is so firm.....」

At first she was timid, but gradually became bold in touching my chest my back.

「Have you never touched your patient's body?」

「The truth is、it was impossible for me  
so I have only been taking care of female patients.....hn、this is a man's genital」

Her hand crossed over my trunks as it wrapped up my penis.  
It felt great having the soft fingers of a woman touching it over the wet cloth.

「Ah、it's moving」

「That's because Takemitsu-san's fingers felt great」

「I、feel good.....」

「It's fine to touch it directly, you know。  
It feels good that way, so...」

*Gulps*, her throat made a sound,  
as she boldly put her hand into my trunks.

「It's a different sensation.....like a warm octopus。  
Something slippery is coming out from the tip」

「It's OK to grasp it。  
Soon white ink's going to come out from that octopus」

「Geez、please don't say weird things」 (TN: LOL GIRL, YOU STARTED IT  
DAMMIT)

As if having the tension dispersed, she assertively played with my penis.

I also slid my hands into her bra and stockings,  
enjoying the sensation of her hips under her panties.

「For me、to make physical contacts with a man like this、  
I thought it would be impossible for the rest of my life。  
Hnn、touching a penis、having my own breasts and butt touched」

「I felt the same way several days ago。  
But Takemitsu-san's touch feels great、  
you're also a beauty。」

That's why when I think about me being the first one to touch you, it's a great honor」

「Saying that my body is beautiful,  
that's the first time I heard something like that。Hnn、I'm happy too」

Her hand that was grasping my penis became more daring,  
Seems like she felt it from me poking her nipples as her hips shook charmingly.

「Nnn、if I lick this thing coming out from the tip,  
my body will become pretty.....」(TN: Just in case you derped, his semen heals)

She longs for beauty,  
and urged on my penis with intense stimulation.

「Takemitsu-san.....if I come,  
please drink everything right away」

「Eh?.....ahh okay」

I unfastened her bra,  
and also became naked myself, showing the overswelling penis.  
When I lifted her up a little,  
I buried my face into her crotch which was facing up on the bed.

「A penis.....it's completely different than drawings in books」

With a penis being presented before her eyes all of a sudden,  
she held her breath and stared fixedly at it, it seems.  
Looking through her transparent panties,  
I enjoyed the erotic spectacle of her butt flesh.

「It's fine to touch it as you like。  
I'll also enjoy this part of yours here」

「Okay.....please ouch me gently, okay? 」

As if her curiosity clogged her sense of shame,  
there was no resistance towards her private parts being touched.

「Nchu.....*licks*.....」

Her wet tongue licked my glans.

As if urging her, I stuck out my swelling penis more.

「Sugoi.....you made it move」 (TN: It cannot be my translation without the 'sugoi')

She poked and played with it like some kind of balancing toys.

I undauntedly stroked her vagina on top of her stockings,

while slowly stripping it from her butt.

On the right side there was a clover-like fleck, but overall it's a pure white and smooth butt.

「Ah.....that place、 it feels good」

The smell of her crotch gathered into her panties and stockings,

then it was released, it rushed into my nostrils.

I was the first man to sniff the embarrassing smell of her secret place.

「I have a feeling.....your penis is swelling even more」

「That's because I touched your butt、 and sniffed the smell of your crotch。

Also because you're projecting charming pheromones of a woman」

「Nhaa.....a man is、  
feeling ecchi because of me。 Even when my skin is like this.....」

「Please have confidence in yourself。  
My penis、 it's already wanting to ejaculate to you。  
If you drink that、 you'll become even more beautiful、  
it'll probably turn into the skin that everyone envies, without a single stain spot」

「Okay.....I'll do my best。  
For the sake of making Onii-san's penis feels good、 and receive semen」

「Yes、 by all means。  
If Takemitsu-san wraps it inside those abundant breasts of yours、 it'll be unbearable」

I poked at her nipple, which got moistened because she was sweating.

「My boobs right?。 I'll do my best.....」

She moved on top of me, sandwich'ing my penis into her breasts.  
I enjoyed that sensation while completely took off her panties.

「It's beautiful、Takemitsu-san's pussy。  
The meat wasn't forced out、I can't even think of this as an adult woman」

「Hn、hn、is that so？  
Other people haven't seen it、so I don't know.....」

Every time she moved her body up and down, my penis rejoiced because of the soft pressure between her breasts,  
As her lewd flower bud opened and shut,  
my eyes were glued to that pussy as if it was a special privilege of my own.

「Every time you moved、your pussy  
your baby hole opened and closed、  
right now I already want to have sex。  
When I look deep into your vagina、I feel like I want to release my seeds there」

「Hn、nfuu。  
I'll make you ejaculate with my boobs、  
will I get pregnant？。  
If I drank it with my mouth, would it get into my womb？」(TN: BFAHAHAHA)

Somehow she was kinda enjoying hugging and rubbing my penis with her boobs.

「If that was the case then human population would've reached  
20,000,000,000 already」

「Fufu、please don't say baka things、  
hurry up and ejaculate while looking at my vagina」

「Your mood kinda changed, didn't it？ Takemitsu-san」

「That's because of you Onii-san、you keep saying strange things。  
I've always thought of ecchi things as、  
it's only painful and embarrassing on the part of the woman」

「That's a relief。  
Then without reserve、I'll look at your baby hole、  
and feel good at the same time」

「Un、please do, Onii-san。

Nsho、holding it with my boobs、I'm also、good」

She repeatedly compressed and released it,  
sometimes she drooped her saliva and I enjoyed her smooth skin.

「Onii-san、is it finally time?。」

While looking at my vagina、you're going to release、your baby juice? 」

To that question, my penis twitched twice.

「Fufu、where's your answer?。」

Is your penis resisting its need to make babies?。」

Sorry、if it actually cures my skin then、

I'll promise to do it lots so、

right now please release your semen while looking at my baby hole。 Please」

Gyuu, gyuu, she smoothly rubbed me with her breasts,

My glans leaked a large quantity of pre-cum while preparing for ejaculation.

「Kyaa ! ? Ahh、something white and warm is touching my chest.....。」

Hnn、*slurp*.....gotta drink 'em all」 (TN: I'm sorry okay?...dammit Pokemon GO...)

She wrung my glans with the soft flesh of her breasts,

From the vagina hole of the woman who indulged into slurping up my semen,  
love juice stickily dripped down.

While I reached out my hand and scooped that up to lick,

she kept up the stimulation on my penis and continued to wring out semen.

We mutually drink each other body fluid while indulging in each other genitals.

「*Licks*.....your penis、it's delicious。」

My pussy is also delicious for Onii-san right?。」

Please taste more」

Not caring about the fact that there are burnt marks on her body, we  
continued to love each other.

「Hnn、aan.....。」

Onii-san、will you ejaculate again ?

You can look and lick my baby hole as much as you like、

even making it sloppy with your tongue。」

Please、give me Onii-san's semen again」

This hole had not been penetrated by any man,  
so I burned the image of the small vaginal passage with pale flesh into my eyes,  
I fantasized about soiling that place while ejaculating.

「Hn.....it came out again。 Thank you、I'll drink it all」

I thought about reminding her of saving one drop like Doctor Matsunami said.  
But, I who got soaked in the sucking sensation on my penis,  
ejaculated while slurping up her vaginal hole.

---

◆ I made it peeps!!

◆ Bad news is that Author stopped updating LOL

### 13. A damaged body, at the best place ✕ ( Opposite-sit position、Deflowering、Cusco's speculum、Cowgirl、Ojou-sama)

Warning: This chapter might make you sweat your butt a little bit.

---

#### A damaged body, at the best place ✕ ( Opposite-sit position、Deflowering、 Cusco's speculum、Cowgirl、Ojou-sama)

Talking to Doctor Matsunami, I heard that the day Fuemi can leave the hospital is near.

After hearing everything about her good condition and procedures to be dismissed from the hospital,

When I was about to leave, I spotted Takemitsu-san at the reception sit near the entrance.

She was wearing the usual long-sleeved nurse clothes.

「Onii-san、this Sunday、do you have free time ? 」

She quickly slurred through greeting and asked.

「Sunday huh、well as usual I'll come here in the morning、  
hang out with Fuemi、then take it slow at home after lunch」

「Umm、then after lunch could you.....、  
hang out with me a bit?。」

Is that okay ? And thank you for earlier」

「Thank me、for.....」

I was surprised at what was “earlier”,  
then “Ah as expected huh”, or so I accidentally leaked out my thoughts.

「Yes、that's right」

She had a smile brighter than the Sun on her face  
then respectfully bowed her head towards a person of younger age like me.

「.....I understand。  
If that's the case then、I'll come。  
But、don't pay too much attention to it alright ? 」

「Yes、this is my modest thanks、  
if you can accept it then...」

At that time I was just a middle-class commoner,  
so I didn't realize why the daughter of the hospital manager gave such an out-of-place thanks.

Then it's Sunday.  
Leaving the hospital, I biked and climbed a huge slope.  
My destination is the hotspring district where I live, but I'm specifically heading towards the top class hotel there.  
It has a view towards the sea coast while soaking into the hot spring on top of a hill.  
It's a place where the local people like me don't ever go.

When I finally arrived, I was soaked in sweats.  
I used the towel I brought to  
wipe the wet parts of my shirt and jeans, then passed through the automated shiny door.

「Ah、over here」

For a moment, I thought I didn't know that person.  
She was wearing a yellow and pink, with rose patterns summer dress,  
the dress was short-sleeved and the person who was wearing it is Takemitsu-san.  
She was having mule on her feet and approached me step by step.

「Well、you're really beautiful。  
I didn't recognize you for a second」

「Having Onii-san praising me makes me happy」

As if it was natural, she joined hands with me,  
and entwined her arms, which was without a single stain, with mine, clinging to me.

「Let's go。 I reserved the place for us」

She took me to the hotel restaurant.

Inside the calming place lit by light-brown lighting, we arrived at the seat at the most inner part,

then immediately a vegetable dish that looked like some kind of hors d'oeuvre was brought out together with some soft drinks.

When I tried eating a mouthful of it, the dressing juice inside was so complex it couldn't be felt by just the taste,

the texture of fresh vegetables brought pleasures to my tongue. (TN: FOOD PORN INCOMING)

「I also order a lot of meat dished for Onii-san。

By all means、 please enjoy your meal」

「Thank you very much。 This is really delicious。

Tasting this for the first time、 it's completely different than what I've always been eating」

「Fufu、 there's still more coming」

From the arrangement of the food to their coloring and their taste, there's nothing that can be complained about,

then time passed as she watched me eat while praising the food all along with a happy face.

「Fuu.....I'm stuffed。 Thank you for the meal」

「I'm glad you're satisfied」

I patted my swelling belly as I finished up the berry ice cream for dessert.

「Thank you very much for today」

As I said my thanks, she got flustered and half-rose to her feet,

「P、 Please wait。 Are you already going home？」

The truth is、 I also revered the hotel here.....」

「The hotel you say.....but、 your body is」

As I guessed her intention, my head became confused between expectations

and hesitation.

「Please、 is it not possible ?

Thanks to you、 my whole body became beautiful、

I want you to see it」

She grasped my hand with both of her hands that looked like that of a newborn baby.

「.....I understand。 If that's your wish then」

「.....Yes ! 」

She's older than me, yet she smiled as if a child was praised by her parents.

I received the key for the room from Takemitsu-san,  
then we temporarily split up and I entered the elevator, pressing the button for the top floor.

I arrived without sensing even a sound or gravity change and the door opened,  
before me was a large room with a high-class carpet spreading out.

From the soft and fluffy chair to the huge TV, and the bed that would still have room to spare for 2 people spreading their arms.

Then out at the window was a hotspring with the view towards the coast of the sea.

I changed into the bathing pants which were prepared beforehand on top of a chair,

then I went into the pool.

As I spread both my arms and legs and floated inside the warm pool,  
from the window a white figure appeared.

「Sorry I made you wait.....」

The same as her skin today, her white swimsuit shone under the Sun.

Her new body was as white as the fresh clouds,

Her breasts and butt were wrapped up in a pure white swimsuit,

her crotch is still being wrapped up in the purity of a beautiful girl.

「Un.....my body、 please look more。

We're here because I want Onii-san to look at me」

Even when my gaze was covered with lust,  
she puffed up her breasts and opened her legs for me to see.

At that moment, the direction of the hot spring sprouting current changed,  
and it aimed at her body.

「Kyaa、haha。I should enter too」

As she slowly entered the pool starting from the tip of her toe, I intensely  
stared at her.

Why? Because her wet swimsuit's transparency is showing her peach-colored  
nipples,  
her white butt, and even her beautiful pussy that doesn't have any meat pushing  
out was visible.

「Umm、you're forgetting the supporter」

「Hn? It's okay、if it's you then I want you to look」

As she lewdly pulled the water-soaked swimsuit,  
her skin became even more visible.

「Under such cheerful sunlight、  
with my body that became this pretty、  
it's like a dream that I'm being looked at by my loved one」

The figure of her spreading her arms and looking up to the sky,  
it was as pure as a miko or a saintess chosen by the Sun.

「Love you say.....」

「Yes、I love you。You're the best in my world」

「That is、I just by chance healed your body.....。  
On top of that、I'm already the kind of guy that had multiple affairs with women  
including my little sister」

「That doesn't matter。  
No matter what happens、even if your heart doesn't point towards me、  
I still love you。This body、this heart wants to love you。  
.....is it a bother? 」

She grasped my hand tightly,  
and held it in her breasts cleavage, making my fingertips touched right at her  
vagina.

As I felt the smoothness of wet nylon and a woman's flexibility,  
my reasons were cut down in a blink of an eye.

「My first-times、I'll give you all of them.....hnn」

A soft sensation touched my lips.  
That moment, lust inside my brain snapped and I stuck out my tongue, lusting  
for her.

「Chuu.....hnn、I'm happy。  
A kiss、with my loved one、at such a cheerful place。  
.....hnnnn、touch me more、this body is yours」

Grabbing hold of the huge breasts, I put my fingers on her vagina,  
she rejoiced while submitting her transparent body to me.  
Hugging her butt tightly, I pressed my erect penis to her vagina as if rubbing it,  
that made her leaked delightful breaths.

「Aaahn.....your penis today、  
I'll make it properly "finish" inside me」

Putting her hand into my bathing pants, she teased my glans that's piercing  
the heavens with her slender fingers. (TN: Ore wo dareda to omotte yagaru?!)  
She wrung out pre-cum and all the while,  
I felt satisfaction being hugged by the sensation of her skin and her swimsuit.

「Hn、nn、chuu.....do you want to go inside、then we can take it slow and make  
love？」

「Yeah.....」

Even though I nodded, we never let go of each other.

On top of the bed inside the room, without forgetting to wipe our bodies, we  
came to each other,  
we faced and hugged each other again while kissing.

Pulling her white swimsuit so strong that it might tear, I pulled it down. Her gleaming breasts and her newly-washed-fruits-like nipples, I covered it after opening my mouth wide, then taste those fruits with my tongue.

「Yes、aaan、 please do as you want.....。 My nipples and my pussy are all yours。 Please taste as much as you like and climax with my body」

I tasted her nipple, then with the hand inside her swimsuit I meddled with the softness of her butt and took the swimsuit off. Even when I was touching her vagina I could see the veins, and as if inviting the penis it secreted love juice.

「Do you want to put it in ? It's fine just doing it like this.....」

She raised on her knees, sat as if taking a pee-wee in Japanese style while sticking out her crotch. (TN: Wtf is this JP-style peewee pose?? LOL) The love juice gathering at her secret place too, didn't stop overflowing from her vagina hole.

I also took off my pants and both of us became naked, then we rubbed our crotches together.

「Hnnn、naaa.....I want it inside right away。 yesterday I sat like this、 and thought about you while、 practice teasing my vagina hole。 Right now it got really wet too, right?。 It's fine even if it's hurt、 so come.....」

She grasped my penis, then placed it on her vagina from below. She stroked the shaft while pressing it on the hot and syrupy vaginal entrance.

「Un、 it's going in.....the penis that will make me pregnant」

「I'm going in.....」

I also pushed out my hips, and penetrated the virgin vagina. Despite how many times I had sex with whom, this moment isn't the time to be tensed or excited.

Because the girls will remember this moment with me for the rest of their lives.

「Ah.....aah.....hn」

The sensation of tearing through a flesh web ran through my penis.  
According to the women, hymens have different shapes, so the tearing sensation also varies.

「Hnn、I'm fine.....don't stop」

But tightly hugging me during first time insertion,  
and craving for kisses all the while is probably the only common things between the girls.

「Chu.....hnn、licks.....hnn」

I enjoyed her body as I tease her lips and nipples while advancing my penis inside her virgin vagina.

When my glans arrived at her deepest part,  
it received passionate welcome from the depth of her vagina as it lewdly accepted the penis.

「Uu、this is.....」

「How.....is it? If I clutch my butt,  
the inside of my vagina would also shut and make the penis feel good」

「It's great。Feels like I would cum right away」

「That's a relief、you can just come right away, you know。  
All of your ejaculation today has to be inside me、okay?  
It's also ovulation day so make sure you aim at my womb, okay」

As her vaginal flesh and her womb entrance squeezed down on me,  
I also want to do as she said and ejaculate right away.

「No way、making a baby、on your first time.....」

「Fufu、I'm a working adult, you know?  
I won't bother you。  
Moreover、I don't want to make babies with anyone else。  
It's just sooner or later that I would get pregnant。  
So let's just do it right today」

Not letting her inside become loosened,  
Being hugged at the hips made my body and penis unable to escape pleasures.

「That's right、release it while gluing to my womb entrance.....。  
Nchuu、hnn、love you、I really do。  
Please plant your baby inside me」

A man that rejects a woman who wishes for a baby this wholeheartedly  
doesn't exist.  
Without stopping,  
my penis sank into her inside's packed-with-love embrace, and began to pour  
out semen.

「Nhaan ! It's comiing、the proof of your love」

I asked myself whether there's my love in this ejaculation,  
while hugging each other and continued to ejaculate.  
As I filled up her inside, the waves of pleasures also settled.

「Hnnun、I'm so happy.....。  
Your baby juice poured into me」

When I pulled out, she lifted her butt in order not to spill any semen,  
then took out something from the pochette lying on the bed.

「This、I want to use this.....」

She gave me a round cylindrical thing made from metal.

「This is.....」

「It's a speculum。 You've never heard of it ?  
It's used to look into the woman's vagina while opening it」 (TN: UH OH. Fetish  
incoming)

She obviously brought that from the hospital.  
Losing to my own curiosity, I did as she said and set it up.

「That's right、put it in slowly。  
Put it in the vagina that.....hnn、just gave its first time to you earlier。  
Then next is to bit by bit wind the horizontal screw」

When I slowly turned the screw,  
the two barrels opened up and spread her vagina hole.  
Her pussy was opened more and I could see more inside than when opening it

with fingers.

「Waaa.....」

I unintentionally leaked my voice of admiration.

「Can you see it ? Deep inside my vagina、there's a smaller hole inside right。 That's my womb entrance。

The sack that would bring up your baby is inside that place。

Just now it caught your sperm、

so I wonder if it's making a baby in there」

As she said, the womb entrance that looks like a penis being turned around in a 3D simulation,

right now that hole is swallowing up the semen around it.

Every time she breathed, the hole opened and closed, absorbing the cloudy liquid.

The greedy vagina is making a baby.

「I also wanted to give you a first-time experience。

How's it ? Was this disgusting?」

「No、that's not true。

It's mysterious、yet really lewd。

I think I feel like wanting to ejaculate into that just like this」

I showed her my erect penis as the result of seeing the lewd flesh and her womb entrance.

「Eh、really ? It's okay、just come。 This is your first time right ? Looking at a woman's womb、while rubbing your penis and ejaculate」

「Of course。 This is、unheard of」

「Fufu、I'm happy。 I also received your 'first time'。

Come、look at my baby sack while、

rubbing out lots of your sperm」 (TN: She means first-time as in first-time doing this kind of thing, not his V-card)

Her womb swallowed semen without leaving anything behind,

I rubbed my penis while not forgetting about her beautiful salmon-pink vagina.

「Now that I know about this kind of masturbating、  
I probably can't masturbate to pictures or videos anymore.....」

「Fufu、if you want to then call me any time。  
I'll let you ejaculate with my vagina and my womb」

Her womb entrance seemed to sense my penis and my semen as it greedily opened its mouth.

「It's okay、let's make babies while you masturbate。  
Aim your swelling ecchi penis straight at my womb entrance。  
Then pour your white juice、into my baby sack through that entrance。  
I want to drink everything and get pregnant with your child」

I'm masturbating yet we can make a baby out of this.  
Getting excited while doing this for the first time, I grasped my glans,  
I stared at the round flesh hole, aimed at it and fired.

「Hn、hnn、ahaa。 My womb entrance、it feels warm.....。  
Your first time masturbate-make-some-bae、I took it」 (TN: AHAHA PLEASE  
DON'T HURT ME. I'm sorry because of the stupid name but LOL...if you can think  
of a good word for this then comment below hahaha)

I released cloudy juices in an amount that her womb seemed to choke,  
she got an emotional climax.  
Once again, until her womb has swallowed the sperm,  
I watched over it as if looking after a baby.

After that I swung my hips in my favorite position, missionary.

「Hnn、ahh、aah、I'm、  
I'll practice missionary lots at home。  
In order to、have you pour lots of your seeds into me again」

Staring at her shaking boobs, I surrendered myself to the pleasures.

「Are you cumming again? Your penis、I think it's swelling。  
Just cum inside me like that、I'm not letting you pull out yo~.....」

Being wrapped up by her especially hot depths,

my penis was soaked in the joy of making babies.

「Au.....making babies with you is the best。  
Perhaps、I can't cum with just masturbating from now on.....」

Gradually she neared climax because of the juice filling up her vagina,  
her depth squeezed down even more, wishing for semen.

「Nfuu、you're still hard。  
Today we'll go until midnight、until your penis shrink、  
let's continue to make babies here」

She, who knows the the pleasures of mating during her ovulation day,  
continued to shake her hips lewdly.

「Nhaan。 When your penis glued to my womb entrance、  
I just want to make babies。  
Nfufufu、I'll grind you until you cum, okay。  
Hnn.....amazing、you're cumming again」

I wonder how many times I poured into her womb already.  
I ejaculated too much I couldn't count anymore.

「Touch my tits and my ass more。  
Because they're there only to be touched by you。  
Hnn、I'll wrap your face up with my boobs、so just make me a baby like that。  
I'll practice breast-feeding your child。  
Aaahn、fufu、but this baby here needs to make his penis big  
and make my pussy pregnant, okay。  
Mating with you while being filled with love、it feels great」

As the Sun descended, until we could see the night nightscape from the bed,  
her beautiful white skin continued to dance on top of me.

---

◆ I have to admit though, this chapter was kinda hot, unlike the ultra-dull ones  
before it. Yes, there's still craploads of lip service, but it's way more interesting.

## 14. Kayari-san's request is my first job ※ (Sleep-rape、Deflowering×2)

I am fucking tired.

---

### Kayari-san's request is my first job ※ (Sleep-rape、Deflowering×2)

That night, when I thought it's finally time to lay down, Kayari-san contacted me through cellphone.

「Please !

There's someone who needs to be saved by you ! 」

I calmed the flustered Kayari-san down, then listened to the situation. Kayari-san's sisters from a family that is very close to her family have been having a fever since yesterday, (TN: Close as in relationship, not neighbor) seems like they've been diagnosed with influenza.

I was thinking that it was because of the early season change, but influenza during summer with high fever, or very dangerous life-and-death cases are very few.

But in reality, those sisters' fever never calmed down and finally reached pneumonia, and tonight their conditions stepped into the dangerous zone.

「I beg of you just this time.....if I lose those sisters.....」

Flat out rejecting a sobbing while begging Kayari-san, it's impossible for me to do that.

「I'm coming at once。 Which hospital ? 」

「 ! Thank you very much、darling。

Right now、a car from my family is going to pick you up at your house」

「Un、got it。 I'll come prepared」

Hanging up the phone, I suddenly thought. Even though I said I'll come

prepare, what am I preparing.....。

Well for now, let's change my trunks.

I opened the drawer where underwears are.

Exactly 15 minutes later, I was called by a middle-aged chauffeur,  
I got into the black car.

It's local streets yet the car soared with highway-speed,  
and arrived at the hospital in one blink of an eye.

「Darling ! Thank you very much。 This way」

Being guided by Kayari-san who's wearing gothic-loli-like clothes and black scarf, I entered the hospital.

It was different than the hospital Fuemi has always been in.  
We went up the gloomy stairs while Kayari-san clasped my hand tightly.

「Darling、 please put this on。  
Leave the talking to me、 and please play along」

She handed over a pure white robe. I hurriedly put it on.  
When we came out to the hallway, a person that seemed to be a woman was standing there.

「Oba-sama ! I brought help」 (TN: Oba-sama = Aunt)

Hearing Kayari-san's voice, the middle-aged woman slowly lifted her face.  
Traces of tears could still be seen.

「This person here cured my eyes.....。  
He's an acquaintance that skipped a few grades studying abroad,  
and studied about various medical treatment。  
Mana-chan and Mina-chan、  
right now he'll let them try the medicines Japan never knew of、  
and test it out。  
.....yes。 Moreover、 he doesn't have a Japanese license so、  
there won't be any problem with the public image of the hospital。  
Oba-sama please keep everyone away from this room for a bit、  
it would be great if you can do that」

Even though she was surprised towards Kayari-san's proposal, the lady moved her head and nodded. Then for the sake of her daughters she screamed and begged me, then disappeared into the opposite side of the hallway.

「Now then darling、right now。  
I'll let you know if someone comes」

「Got it、I'm leaving that to you」

Then I looked around the hallway, confirming that there was no one and quickly enter the sickroom.

The lights are still on. There are 2 beds inside. On each bed is a long-haired beauty sleeping. (TN: You better go kiss them and wake them up, then go find the witch LOL) I wonder if it was too hot inside the blanket that they had already turned it away. The sweat soaked blue and yellow pajamas made the beauties' skin visible.

「Haa haa.....」  
「Naa.....」

They're breathing roughly in anguish. I need to get excited and use their bodies to ejaculate right away. (TN: Wow. Why does this not sound one bit heroic? LMAO) Again I realize my own sins.

I got on the bed of the girl with blue pajama, then stroked her flushed because of the fever cheek. She didn't even have time to show any reaction. If she was still healthy, she would be the most popular and lovely girl in class that would make you spread your eyes. Her long eyelashes, small nostrils and her whole face are well-featured. I kissed those lips that had changed to a red color.

「Afuu.....naa.....chuuba」

As if trying to heal the dryness in her throat, she licked the saliva on my tongue

and swallowed it.

「Chuubu.....ruru.....」

The beautiful girl frantically drank my saliva,  
as I kissed and enjoyed her face up close.  
With just that, I felt my penis getting in high spirits.

Next I also got on the bed of the yellow pajama girl,  
I kissed her the exact same way.

「Nchu.....chuubu」

On the chest part of her clothes, an embroidery that said “MINA” could be seen.

This girl is Mina-chan, while the blue pajama girl is Mana-chan huh.

I also feed the yellow-pajama Mina-chan my saliva while,  
undressing her pajama.  
She's still using no-wire bra,  
but it won't be long until these modest breasts got tired of holding on to their growth.

「Hnn、na.....」

I put the firm tip in the center of her breast in my mouth,  
and licked as if kneading it.

If Takemitsu-san, who I had sex with, has the charm of a grown-up woman,  
then this Mina-chan right here is a still green fruit.

「Uu、haa.....aa.....」

I persistently tasted the still pale colored nipple,  
and gave her skin an idea of what pleasures are like.

Even in her current state of cloudy consciousness,  
tonight's sexual experiences would still be recorded into her memories through  
her bare skin, I wonder if she would recall about this every time she masturbates.

I had those wild and shameful desires of conveniently monopolize her while,  
caressing her young nipples until both of them stood up.

I took turn taking care of the 2 beauties's bare skin  
teaching them about sexual feelings for the first time, using my saliva and my  
fingers.

「Ah、aah.....hn」

I pulled down Mana-chan's panties,  
and sank my finger into the uncivilized lands of her vagina where sweats and love  
juice were mixed together.

Her vaginal entrance rejected the intrusion of a person's middle finger,  
seems like it doesn't know how to let out some good love juice yet, as it lacked  
moisture.

I performed some gentle guidance to that immature naked body.  
I caressed the flesh-colored embarkment of inverted-triangle shape, (TN: Fuck  
this author and his fancy way of wording, this basically just means her vagu) then  
as if conveying it to the inexperienced womb inside, I used my finger to  
stimulate it.

「Ahh、aah、aaa.....」

As I touched her vagina and clitoris, warm juice came out.

It's irritating to go from bed-to-bed,  
so I lifted Micha-chan's body and brought her to next to Man-chan.  
I stripped the panties of both of them,  
the 2 crotches that just knew of getting wet tonight are now right before my  
eyes.

「Haa haa.....naaa」

「Kuun.....fuhaa」

Right now the small breasts of these beauties when their consciousness is  
being cloudy because of the fever,  
perhaps they're not struggling to breathe because of the pleasures.  
As if eating fresh-picked cherries,  
I held those 4 lovely nipples in my mouth in turns and use the tip of my tongue to  
stimulate them.

The flesh of those fruits swelled and changed color because of my conducts.

I used both hands to smoothly touch the 2 vaginas,  
and investigated to see what's different between them.

On top of their vaginal openings, there were these things shaped like candies  
I stimulated their clitorises that were hiding underneath the labia foreskin as if  
crushing them.

「Fuwaa.....」

「Haun.....」

The faces of the twin beauties reacted the same way,  
I think they're beginning to take on a different kind of heat aside from the fever.

My penis soared up,  
so I put it on Mana-chan's crotch that was wet with sweat and love juice.  
Without rushing putting it in,  
I expected the vagina to get used to my penis where they're meeting.  
I'm going to insert into the small cave at her vagia.

「Kufuun.....naaa」

Her still childish yet lovely face turned red,  
and her body shuddered when the penis rubbed on her vagina.  
Then next I brought my penis towards Mina-chan's slit,  
and rubbed her vagina with my glans as if spreading it.

「Noo.....aah」

She puffed up her breasts, pointing her nipples upwards, and shook her head  
unwillingly.

Because of Mina-chan's young vagina, my penis got bigger,  
then in order to indulge in lust, I spread my pre-cum and rubbed her.

I used my finger to pressed the vagina that's not beeing rubbed by the penis,  
smearing the pre-cum to other parts around the vaginal entrance.  
With just that, it was as if my seeds entered.

「Haa、haa、haaa」 「Haaa.....yaaan」

While the beauties let out sounds like having nightmares and breath roughly, I  
used both hands to play with their bare skin,  
then used the penis to give them sexual feelings by intercrural sex.

From the pink-ish blood-red labia,  
hot juice is spouting and at the same time,  
my penis also began to ejaculate.

「Uu.....kuun ! 」 「Haa.....aaan ! 」

Using a body that never knew semen before, I dyed her vagina and small navel  
in a cloudy white color.

The semen clung to Mana-chan's vagina,  
I used my finger to caress her and brought another hand.  
I thrust my fingers smeared with semen into their ecstatic lips.

「Nchu、kuchuu.....」 「Pichuru.....chuu」

They frantically drink the semen like babies drinking milk.  
Teasing the insides of these two beauties' mouths while having their tongues  
coiling around feels great.

Now next is taking their virginity, I need to pour lots of semen into their  
wombs.

A choke of sinful feelings struck my chest.  
But this is for the sake of saving them,  
after persuading myself so, I gazed every nooks and and crannies at their bare skin,  
boosting my excitement.

(Oniichan..... ? What、is with that penis)

In my wild delusions, the Mana-chan that hasn't spoken a word,  
has her face dyed with fear looking at the erect penis.

(Iyaaa ! Why are you coming close to my crotch、what are you trying to do  
to me ! ? ) (TN: LMAO this fucking nigga...)

I think that I'm quite a gentle Oniichan,  
but in my delusions I pinned Mana-chan down.

「Kufuu.....hnn」

(Stop iiit ! These kinds of ecchi thing、  
it's for married grown-up couples)

When I forcibly opened up her tiny vaginal hole, my glans swelled and began to invade.

(It hurtss ! Oniichan stop it !  
If you do this、I'm going to hate Oniichan)

The beauty's resistance was useless as my penis fully entered her vagina hole.

(Hurts、it hurts ! Waaan ! )

「Kufunn.....naa、ah」

Then a gap inside her vagina was made, the first goal of the penis was accomplished.

(Oniichan.....it hurts、stop it.....)

「Uun、ahh、ahh」

「Sorry.....Mana-chan」

Though I apologized, my penis didn't stop seeking for pleasures inside the virgin vagina.

She gasped hard in anguish while still closing her eyes, I stroked her whole young naked body,

chewed on her nipple while moving my penis back and forth.

(Fuaaa ! Wha、What is this)

「Uun.....haa、aah」

Her inside shut tightly, giving rise to the sensation of her entangling hot body fluids.

Not minding her first time being snatched away forcibly, her body's natural defsenive instincts seem to be making her feel it.

「Ahh、aah.....hnn」

(What's this ! ? I'm、something、coming)

The pleasures of just going in and out her narrow flesh passage is incomparable to masturbating.

Looking at her swelling young breasts blushing,  
my mood of shooting into her womb was boosted.

(Uan、Oniichan、Oniichan ! )

Pushing out my hips, I put strength into my penis and tossed out my semen.  
Because not the thinnest gap was left open from her vagina,  
all my semen was spread onto her womb without spilling anything.

(Na、na――ah)

Then finally her vagina squeezed down on my penis and my ejaculation ended.  
When I slowly pulled out, no semen was left on my penis.

「Fuu、hnn.....hn、nn」

Mana-chan became breathless in exhaustion.

I gazed at Mina-chan who's lying there with her vagina and nipples exposed.  
Her naked body resembled Mana-chan who got her virignity taken away just  
now.

As if rejoicing after consecutively taking virginities,  
my penis pointed upward full of vigor.

(Oniicha~n、Fufufu。

With Oniichan's swelling penis、  
and my pussy、let's make babies okay ? )

In my wild delusions, Mina-chan is a carnivorous girl who's interested in sex.  
I opened her vagina, and saw no pigmentation,  
I rubbed my glans on her pale red labia.

(Uun♪ My crotch is wet、because pee is coming out。  
I see、this is so that Oniichan's penis goes in easier)

I pushed my glans against her virgin vaginal entrance, which was wet with love  
jucie, as if digging it.

(It's coming、Oniichan's penis。  
It's fine to dig into my pussy and feel good, you know♪)

「Naa、ahh、aah」

When I pressed on the clitoris that was being covered by skin,

more love juice oozed out from her vagina hole, making insertion easier.

(I feel great too、Oniichan♪

Tease my crotch more、making your penis go inside me is fine)

「I'm going in、Mina-chan」

(Aaan、Oniichan)

Zuburi, I was wrapped in a pleasant pressure,  
all the while my penis entered Mina-chan's vagina.

(Hn.....this is doing lewd things。 So this is making babies。  
Because I'm doing it with my beloved Oniichan、I'm really happy while feeling it)

Her warm insides tightly tightened on me,  
slowly ushering the penis deep inside.

(Come to my deepest part♪  
My womb、where my baby sack is、  
Oniichan have to pour your juice inside、okay？  
Un、release your baby juice at the deepest part♪)

Though red liquid were stuck on my penis,  
her vaginal flesh twitched as if rejoicing.

(Ne~e、Oniichan。 Do you wanna “chuu-chuu”？  
Let's chuu-chuu with our mouths、  
while your penis and my muffin chuu-chuu each other♪) (TN: My best  
translation ever.)

I greedily sucked on her young lips, violating the inside of her mouth.  
Be it first kiss or virginity, both of them were snatched away while she slept,  
I wonder what the girl will think of this when she wakes up.  
But the imaginary Mina-chan smiled lewdly and asked for my seeds.

(Fufu。 Oniichan、my pussy feels good。  
You wanna dump lot os baby juice in my womb right？  
Unn、Oniichan's baby juice、  
it's fine to release it in my womb♪  
Cum with all your might、okayy?)

Getting the permission from the innocent beauty, my penis enjoyed the young vagina with all its might, smearing her womb with pre-cum and prepared itself for a full-blown child making session.

「Sorry、Mina-chan.....」

(Come～、Oniichan's baby juice。  
My womb now is also really nice and warm。  
It's ready to make babies with Oniichan♪  
I'm going to squeeze my crotch so、  
you can shoot with your penis♪)

No more than being just an instinctive reaction, her inside shut tightly, matching that, the penis released its seeds into the pure womb.

「Haa、aah、ahh.....」

(Hnn♪ Sugo～i。 My belly is nice and warm now。  
Fufu、making babies is the best、right Oniichan。  
Cum more～)

Her vagina swallowed the semen without sparing anything, just like Mana-chan earlier.

When I came back to my senses after ejaculating many times in a short period of time,  
From the young lips to breasts and vaginas, there was cloudy liquids smearing all over the two beauties.

No matter how you look, this resembles exactly a crime scene made by me, when I thought about that a pain tormented me to the point that it was hard to breathe.

Even if I used my fist to knock my head,  
the increasing pain still didn't go away.  
Not minding about my own clothes getting dirty,  
I wiped the semen sticking on the two beauties, then put on their underwear and pajamas.

「.....It's done」

I quietly peeped at the situation outside while exiting the sickroom.  
Even though not even one hour passed when I looked at my wristwatch, my body felt like half a day already passed.

「Yes、dar.....ling？」

Kayari-san, who is standing in the hallway lit by moonlight being sweeter than anyone else, seemed to be surprised upon seeing me.

「.....I'm fine。 I properly cured them、 I think」

「Yes、 that's a relief but.....」

「Well then、 I'll be going home。  
The car that took me here is waiting right?」

I looked at the silhouette stretching on the deserted hallway while,  
walking pass Kayari-san.

「Please wait a minute、 darling」

She grasped my hand, then hugged me and kissed me.

「Hn.....chu.....there's the taste of、 another girl.....」

Kayari-san licked the saliva of Mina-chan and Mana-chan remaining inside my mouth.

「Kayari-san、 let me go.....」

「You know、 even if you say anything to anyone、  
when it comes to supporting you、 I won't let you go」

Her obsidian pupils reflected the image of me only, capturing me and not letting me move.

「Un.....thank you Kayari-san」

「Yes。 Take it slow and rest up tonight.....。  
Tomorrow morning I want to heal you with my body」

「Yeah、 see ya。 Good night」

I moved my legs like a machine and walked away.

When I came to, I was already home, I lied on the bed and just closed my eyes.

Next day, staying languid as I was, I went to visit Fuemi,  
but I suddenly got pushed down by Kayari-san and co.

They stripped me then the 3 of them crawled their tongue and and hands all over me, stimulating me. (TN: Apparently the imouto knows about him fucking the oujou-sama...)

Kayari-san, Sylvie-san and Fuemi competed to touch my erect penis,  
they guided me towards ejaculation with the service from their breasts and and vagina hole.

「Hn、chu.....tonight I'll make you ejaculate with my body, okay。  
Even my boobs、  
and my vagina that was taught the pleasures of a woman。 .....Nnnu♪ Enjoy  
more、  
please cum with my inside。  
Hn、hn、nhaa.....that's right。  
Please fill the womb that has been dedicated to you with your semen。  
Nnu～ahaa、I'm happy too」

「Chuu、chu、churu.....Master、  
you can splash your semen anywhere on my body。  
If possible、I want you to dig into my vagina、and cum at the deepest part。  
Nfufu、is Master okay with that？  
Yes、tonight I'll send Master to heaven with your favorite cowgirl position。  
Then please excuse me.....。 Hn、hn、Aaha。  
Your penis tonight is also hard and splendid。  
I'll shut my pussy while moving so、please cum into my womb like always。  
Hn、ah、aan、nfufu、hnn～♪  
I'm happy、being impregnated by Master。  
Please cum as many times as you want。  
I want to quickly get pregnant with Master's child」

「Oni～chan♪ My pussy is the best right?。」

You know、when Oniichan was still a virgin、  
you graduated from it using this pussy of mine。  
Even your first time copulating、it was using my womb too。  
Your penis hasn't forgotten the taste of its first vagina right?♪  
It's fine、Oniichan、come。Into your first ever pussy、  
give me Oniichan's first baby」

I played with the lewd girls in the sickroom, and temporarily forgot about the pain throbbing inside my chest.

---

◆ What can I say, OBNOXIOUS AS EVER. It really is a fucking pain in the intestine to TL.

◆ But that is enough whining, we have around 5 chapters left, so let's just pull through.

## 15. The blond Ojou-sama wants to play piano again (No ero)

New girl again.

---

### The blond Ojou-sama wants to play piano again (No ero)

After school, inside a classroom that seems like the quiet daily life has returned.

It's been decided that Fuemi will be dismissed from the hospital next week, I've been carrying her personal stuffs back home bit by bit.

I was planning to bring the bigger stuff animals home today but, I noticed the outside of the classroom being a bit noisy. People who are still left behind drew closer to the window and looked outside.

When I joined them and looked outside, a luxurious car that I've seen somewhere was parking at the school gate, then standing on its sides are 2 beautiful girls.

On one side is a person with black hair reaching her waist whose body I know to every nook and cranny.

Kayari-san, you're really standing out, please don't magnificently come to our school just like that, or so I thought while taking out the cellphone inside my pocket. Then standing next to Kayari-san with her hands on her hips dauntingly, was a splendidly blond beauty whom I'm observing from a distance.

The school was built on a high ground so it didn't take even 20 minutes for me to bike down hill towards a coffee shop.

I told Kayari-san to meet there.

Thinking that the wind feels nice unlike the heat of early summer, I pedaled my bike forward.

When I arrived, the familiar black car has already been there.  
As I went inside, the pair of 2 beauties I saw earlier was sitting next to each other in a deeper inside seat.

「Ya、hello、Kayari-san。Hello」

I greeted the two than sat on the opposite side.

「Good day、darling。  
I'm sorry for suddenly visiting you today」

I think that Kayari-san coming when it's not an emergency is not that often a thing, but that might just be me.

「Well、I'm happy to be able to meet Kayari-san though」

Then when I turned to the blond girl,  
she stared at me as if appraising.

「Did you really heal Kayari's eyes、  
and Mana-chan and Mina-chan ?  
I don't believe you ! 」 (TN: Boys, where did I leave my kitchen knife. This bitch annoys me instantly)

「Wa、Wait、Lucie。That's so impolite」

Ignoring Kayari-san, the blond beauty continued to rage.

「Then look at this guy's hands。  
Those aren't the hands of a skilled doctor、just hands of a dude」

I think this girl, who Kayari-san called Lucie, observed me quite carefully.  
Then from there,  
I understood that she didn't hear about my secret from Kayari-san.  
Probably, she's the same with the twin's mother,  
and was told that I'm some kind of excellent doctor. (TN: Please don't make me hate Kayari. If she keeps pulling bullshit like this.....)

「Kayari-san、let's just be honest、  
I think it's better that way」

「But if it's that、you'll be bothered again.....」

「What the heck is going on」

The girl who got left out in the conversion stared at me and Kayari-san.

「Ah、well I am as you thought、  
I'm no medical student。  
I use a certain method、one that I can't tell anyone, to cure。  
Then、my apologize for hiding this but may I ask、  
what do you want to heal ?  
Judging by your look、I think you're in good shape」

I observed the blond beauty's upper body.  
Charming hair, graceful facial features,  
her appearance is that of a foreigner yet her chest swelled modestly just the way  
I like.  
I couldn't see her lower half, what a shame.

「The bad spot on my body、is this.....」

Saying so the girl gulped down all the black tea in the cup on her right hand  
then changed that cup over to her left hand.  
Then she tried to lift it but,  
the cup fell flat down to the saucer.

「My piano training since childhood has been terrible、there's no strength  
here。  
I can't play anything anymore.....」

「I see.....so that's the case」

Opposite from her first impression of an unyielding spirit,  
right now the girl is hanging her head because she was robbed of the freedom to  
use one of her hands.

「But then、it certainly is a handicap for daily life  
and yeah it's inconvenient、but since it's not your dominant hand、  
isn't it just fine leaving it like that ? 」

「What's with you。 Even though you cured Kayari、  
you're saying that I'm already hopeless ? 」

「Well.....With my “method” you’ll have to loose something anyway。  
Granted、it’s something life-important for a woman」

Gulp, I knew she swallowed her saliva.  
To a certain extent, seemed like she already guessed it, but the girl didn’t falter  
and spoke.

「That’s fine.....。  
Since I’ll be able to play the piano again」

「Then that means、me and you as a man and a woman  
we’ll join bodies, you know」

「Haa ? Wait、when I came here  
you said it when I asked right?。(TN: 聞かされてたら言ったでしょうね。)  
But you didn’t look like a doctor in any way、  
and Kayari looked at you with eyes filled with love。  
I understood that much about your two。  
But then Kayari who has been hopeless for many excellent doctors since  
childhood、  
she became able to see just like this。  
So I’m betting on you」

Lucie-san stared at me with determined eyes.  
Her fingers’ passion for the piano,  
seems like it’s even bigger than the most important thing of a girl.

「Understood。  
For now、without going all the way, let’s just use your mouth and drink “my  
stuff”。  
If that doesn’t recover you completely、and you do wish to continue then we’ll  
go all the way、  
how does that sound ? 」

「Got it.....。  
But on my end、I also have a condition」

「It’s fine。 That condition is ? 」

When I asked her, Lucie-san looked at Kayari-san,

「I'll say it later。  
Besides, if I'm not pleased with anything、  
I'll stop instantly、that's the plan」

「OK、that's good enough」

For the time being the talk has been settled,  
then Kayari-san who has been silent while watching opened her mouth.

「I'm sorry、darling。  
Again、I sent trouble your way」

I stroked Kayari-san's hair, who's casting her eye downwards, gently while,  
「The things today、or before that too、  
it's not Kayari-san's fault。  
In the end、it's me who is on the receiving end。Don't mind it too much」

「Darling.....okay」

In this way I can pile my body with beautiful people,  
so isn't it just fine to go through a bit of trouble? or so I thought.

「You peeps、are you a married couple or something.....」 (TN: BAHHAHAHA ok  
blond chick, you recovered that minus I gave you earlier LOL)

Lucie-san was shocked as she narrowed her eyes.

---

◆ The non-sex chaps are so easy to comprehend that I'm crying with half my face.

## 16. The blond Ojou-sama wants to play with the penis ✂ (Kiss、 handjob、 fellatio、 tsundere blond ojou-sama)

Femdom incoming.

---

**The blond Ojou-sama wants to play with the penis ✂ (Kiss、 handjob、 fellatio、 tsundere blond ojou-sama)**

Exiting the coffee shop, I got on the car and got moving.

My bicycle is going to be delivered back to my house by Lucie-san's personnel.

Dropping Kayari-san off midway, the car advanced to the heart of the prefecture.

In front of a hotel inside that shopping district, Lucie-san and I got of the car.

「This place is my family's keiretsu。

If you do anything weird、 they'll cop you right away」 (TN: Keiretsu = conglomeration of businesses linked by cross-shareholdings)

No, we came here to do those weird things didn't we  
or so I thought I could tsukkomi a bit.

Lucie-san checked in as if she's used to all the procedures.

I was looked at with suspicious eyes by the receptionist,  
but I gave no damns and magnificently walked behind Lucie-san.

The two of us entered a high-risen room.

There were furnishings with color calming to the eyes and a double-sized bed deep inside the room.

「Won't you lie down on the bed ? 」

「Yeah、 I'll do that but.....what about you ? 」

「I need to prepare a little bit」

I realized that she needs to shower and all,

and decided to just quietly lie down and wait on the bed.

But Lucie-san brought a load of towels.

「Hn?」

「Okay、raise your hands」

I reflexively did as told, and she coiled the towels around my wrists.  
She skillfully tied me up with just her right hand.

「Eh? The heck? Why?」

「I told you already、there was a condition to this。  
During the process、you'll be tied up。That's the condition」

「I see.....you're into that kind of thing  
so you didn't wanna tell Kayari-san」

「That's not it。I'm just、  
I just don't want you to do as you please。  
If I touch you then、you let "it" out right?」

「If possible、Lucie-san can just take some clothes off、  
I'll cum faster」

「.....just to my underwear alright?」

「Yeah、that's enough」

After tying all my limbs to the bed using towels,  
she suddenly pulled down my trunks and underwear.

「.....it comes out from this huh」

She reached towards the still soft penis while saying so.

「Since it's not erect yet。  
I need to look at Lucie-san's underwear to get it big」

「Good grief、it can't be helped then」

She took off the uniform of the famous girl's school of the district, same one  
with Kayari-san.

Her vivid green underwear matched her blond hair really well.

「Cute eh、those underwear。  
It's great going with your hair」

「It doesn't help when you flatter me while being tied up。  
.....ara、your penis is really swelling。  
Hmm、earlier I honestly thought it was so small but、  
you have quite the thing don't you」

「Us Japanese people、have the greatest expansion rate in the world yo」  
「You have some weird knowledge there。  
For me、it's just a stick that can cure my left hand」

Saying so, she wrapped up my penis with her left hand's fingers.  
There's a big difference between being touched by a flexible hand of a girl and  
your own clumsy hand.

「Fufu、I heard about this before but looking at it like this, it really looks like a  
mushroom。  
Both semen and pee came out from here huh。Did you wash it properly？  
.....Sniff sniff、well it smells weird、but I don't hate it」

「I take a bath every day yo。  
And piss don't came out when it's big、only when it withers。  
It's like there's a flip to switch it when it erects。  
Nice to be a girl isn't it。You women have a hole for pissing and another one for  
ecchi」

「.....I'm not showing you, you know？  
If you have the time to say that then hurry up and ejaculate」

Being grasped tightly, I felt pre-cum coming out from my glans.  
「Transparent stuff coming out from the tips means I'm cumming  
so open up your left hand and make my glans feel good」

「You're demanding.....can't be helped so I'll do it」  
She drew her loose left hand near, rubbing the glans softly.  
There's no strength in that hand, but reversely, it's really gentle and felt great.  
「Somehow、I think it got wetter」

「Lucie-san's hand feels good, that's why it's coming out。  
Girls also have this coming out from their vagina while they masturbate right ? 」

「I don't know。 Just hurry up and make a pitiful face。  
I heard from Kayari-san earlier。  
That you make a really cute face before you cum。  
Make that face that tickled Kayari-san's maternal instincts」

Kayari-san, how much did she spilled, I wonder.....

「Kuu.....If that's the case then you should use your mouth to hold the penis。  
I feel like the stimulation is too weak with just one hand」

「Lick it、 that.....me?」

Rubbing the penis with her right hand, Lucie-san brought her face close.

「Hn.....hang on、 before that」

Contrary to my expectations, she let go of my penis and piled her body on top of me.

Her porcelain-like white skin drew near to me with only underwear on.

「I'm、 kissing you.....hn」

Her western doll-like face with eyes closed is now at point-blank range, then we exchanged kisses. (TN: No bro, you might think that's pretty but I am sorry western dolls are creepy as fuck)

「Chuu.....hnnn、 do it more.....chuu」

Unconscious or not, the cloth of her panties is touching my glans, rubbing against it with the silky part.

The soft body of a girl being applied to my front, but I couldn't hug her and it was damn irritating.

「Churuu.....hn。 You're pretty good at kissing aren't you。  
You did this a lot with Kayari right?. So lewd」

Finally separating our lips, Lucie-san's eyes turned a bit drunk.

「Why did we kiss ? 」

She licked her lips with her tongue while,

「Nothing particular。 Just going with the flow。  
I only want to get some experience by kissing before licking the penis」

「I see。 Thanks、 Lucie-san」

「Wh、 Why are you thanking me」

「No、 somehow.....。  
Not just body contact、  
I just think that romance connections are really important too」

「Dummy。 There's no reason、 just going with the flow。 Hmph、 let's continue」

Turning her body over, she grasped my penis with her right hand again.  
In this 69 position,  
I can gaze up at her snow-white butt wrapped in her emerald panties.

「Nchu.....the taste is strange。  
It's really weird that Kayari came to love this。  
*Lick*、 amuu.....yaan、 don't move it inside my mouth」

The inside of her mouth is actually quite fresh compared to other girls,  
and her tongue is moving around stimulating my penis.

Every time she swayingly twisted her body,  
the part of the panties at her crotch crumpled, making her labia seems visible,  
it's just irresistible.

「Nkuu、 churu.....if this goes into my vagina.....」

Imagining the insertion of this penis inside her,  
the part of the panties at her crotch became wet.  
I observed her love juice spreading and staining the cloth.

「Amuu、 nchu、 churu.....ahh ! Where are you looking」

「Where you say.....well、 I'm looking at Lucie-san's panties。  
I'm getting excited so my penis might ejaculate soon。  
It's fine for Lucie-san right ? 」

「Good grief、 what's good about this hentai。  
I need to make this rod finish right away。 Chumu.....amumu」 (TN: Let's be  
friends forever – if you caught that reference, high-five)

Being sucked vigorously at the glans, I unintentionally drew my hips.  
But her mouth didn't allow that.

「Hmp。 Just cum right away if my mouth feels good。  
Not being able to see your face writhing in pleasures is such a shame」

She already got the gist of handling a penis it seems  
Lucie-san skillfully played with the rod using only her right hand,  
pressing the tip of her tongue on my glans.

「Kuu、 that's great、 I'm cuming」

「Chuu、 nmuu.....that so ?  
Fufuun、 it's my win。  
It's fine so just let it out in my mouth」

Clinging to my penis, the image of her butt reflected in my eyes,  
the cloth of her panties at her vagina fluttered while,  
Lucie-san kept on sucking my glans.  
At the new stimulation, my penis rejoiced and accept the pleasures of  
ejaculating.

「Kyaa.....hnn、 fufu、 that was easy。  
If I'm the one doing it then you'll just ejaculate right away。  
Hn、 *lick*。 The taste and the smell are strange。  
I wonder if the day when I think this is delicious would come」

Politely and not spilling one drop, Lucie-san crawled her tongue on my penis  
and licked it.  
Reacting to that stimulation, it regained its strength and began to swell.

「Fufun、 it wanna release again huh。  
That's fine、 I'll drink it so let me wring it out」

「Eh、 no、 just once is good already ? 」

「It's fiiine、 you're happy about it right?。  
I'll make you cum。 So just be obedient」

「Mugu ! ? 」

Being tied up as is,

I had no choice but to put up with being pressed on my face by Lucie-san's crotch.

Well even if I was free'd I would still have to put up with it.

「Aaan、you have quite a high nose bridge don't you。  
I'll give you a service and masturbate using your nose。  
I'll rub a lot、  
so sniff me and get your penis big」

Shit. This chick is like a Queen just like how she looks,  
or so I realized when the part of her panties,  
that wrapped up her squishy labia wrapped around my face,  
and my penis was once again rubbed by her soft right hand.

「Fufu、that's right。 Your penis is struggling not because it pierced into a woman。

It's because I teased it、 and made it twitched cutely while cumming。

I'll touch it again、 so don't be shy and let your juices out。

If this is an obedient penis、 then I'll give it my virginity too。

Don't you want it ? The pussy you're sniffing right now、  
and the womb inside it。

If you give in to me、

I'll let this penis have sex with that place sooner or later。

Of course I'll be on top, you know ?

Your pitiful penis while you're being tied、

I'll swallow it whole from above with my pussy、

then look down on your warping face as you feel good while、

swinging my hips, making you cum lots。

Using your irresponsible penis、

I'll make sure to pour lots of seeds into my womb。

I'll make your penis tremble shamefully like right now♪」

I imagined Lucie-san's playing a musical instrument called verbal abuse while,  
my thing couldn't help but swell up.

The panties pressing on my face slipped, revealing her pure white vagina,

I imagined pouring my semen into that place as my penis began to ejaculate.

「You're cumming aga~in。

This penis likes doing what I say。

What about you I wonder ？

If you're obedient then it's okay to lick my pussy」

Immediately reacting to those words, I licked Lucie-san's pearl-like pussy.

「Aahn、good boy。 If you cure my hand、  
I'll let this penis violate my hymen、  
so gather up lots of semen」

Lucie-san declared so while flicking my glans with her finger.

---

- ◆ Too hungry atm.....but gonna TL another chap.....
- ◆ Also, that 16 line speech though.....

## 17. The melody of an angel (No ero)

Tsundere is getting out of control.....

---

### The melody of an angel (No ero)

The weekend 2 days after I ejaculated while being tied in the hotel by Lucie-san.

I was contacted by her,  
and got on the seat of the black luxury car.

What's with rich people  
they like this same car, or so I was thinking when I notice someone knocking on the window.

This car is built for perfect defense isn't it.

While I was thinking that,  
the quiet chauffer ran the car up to the high-ground housing district.  
Each and every house was spacious, gardens and mansions were splendid too.

The car went passed the lushly green gate of a specially big mansion among those houses.

When I got off the car, what came into view was a mansion with white wall reaching all the way to the 3rd floor.

Following the guide-man, the entrance door was opened.

「Welcome to the Morizono household」

As if floating on top of the green carpet,  
a blond beauty greeted me with a gentle smile.  
Her face resembled Lucie-san, but if I had to say  
It's not quite that intese look in the eyes like her.

「G、Good day。You're.....？」

「Yes、Lucie-san is my little sister。  
I'm called Morizono Miera。  
Please remember it」

She placed her hand on her mouth, then gently smiled.  
Her atmosphere resembled Kayari-san but,  
she feels like, more grand to me, that's my impression.

「Haa.....please treat me well」

「Fufu、Lucie-chan is waiting on the upper floor。  
So let's get going」

She naturally pulled my hand.

I never got concerned about this,  
but the purity of this mature and elegant beauty made my heart jump.

Feeling the warmth of her hand,  
I was guided to a room on the 2nd floor.

「Lucie-chan is in here。  
Please take your time.....now then」

Shaking the butt flesh hidden under her thing skirt,  
Miera-san went away.

Though I have lingering reluctance towards that imprint,  
I recalled being called by Lucie-san,  
and knocked the door in front of me.

The walls inside were ideally flat, and the lights from the window make the  
room brightful.

In front of the grand piano placed in the middle of the room,  
Lucie-san was sitting elegantly with a green dress on.

「Ara、you came。 You sit here」

I hurried towards the sofa placed next to the piano, and sat down.  
Sinking my body into it, the softness was pleasant.

「Don't name it even if I fail a little, okay。  
It's been a while, that's why」

Porororon♪ aftering ringing the keys from begin to end as if confirming the  
tuning,  
Lucie-san's musical performance began.

「La～♪ LaLa～♪」

It was probably a famous piece of music that everyone knows,  
she timed the beat and played along.  
Playing the main tune with her easy-going right hand,  
her left hand also accompanied that and manipulated the melody safely.  
The music didn't stop after a few minutes.

「You're really good、Lucie-san。  
It's like hearing a recording」

「You、was that even a compliment ! ?  
Those are some sensitive words towards a musician yo」

「Sorry、that's not what I.....」

「Well that's fine。 Until you get deeply emotional、  
it's not proper keys。 Next time、kay?」

Standing up from the stool in front of the piano,  
She stood before me, and sat down on my lap.

「Eh ! ? Wait、why so sudden」

「What ? You're not some kind of virgin  
that reacts excessively to a woman's body right?」

She moved her butt, squirming it around as if approaching my crotch.

「Th、That's true but it's not like I have that kind of relationship with Luci」

「Ara～ ? Before this、the person who buried his face into my crotch、  
while ejaculating with his penis、who was that ? 」

She gently patted my penis on top of my pants,  
and looked down on it with a triumphant face.

「I promised didn't I。  
If my fingers can move again、  
I'll give you my virginity」

「Because we didn't need to go that far。  
Just drinking it with your mouth was enough」

「Nope。 .....I also felt weird though、  
in exchange for curing my body with your semen、  
it gives strange side effects right ? 」

「Side effects ? 」

「That's right。 Before this、 when I drank your semen、  
and my fingers could move again、  
I just couldn't bear wanting to have sex with you。  
Letting your penis pierce through my hymen、  
and wanting to quickly have your semen in my womb、  
I thought about those things at night while couldn't stop masturbating。  
.....wait what、 what did you make me say、 ecchi !  
It's all because of this penis」

「I unreasonably got angry at huh.....」

But, I see. Certainly Kayari-san and others,  
after getting better after having sex with me,  
they all wanted to go all the way to the end.  
Those are just like the effects of aphrodisiac and narcotic drugs.

「I understand up until that point、  
it means you wanna go all the way with me ?  
No regrets ? 」

「Du~mmy。 I chose to do this on my own since the very beginning。  
Then、 isn't it fine ? It's not like you rob me of my virginity。  
I'm just using your just-a-bit-big penis、  
and tear my hymen while snatching away semen。  
Don't misunderstand that」

She grasped my penis as if claiming it was her own property.  
It's not like Lucie-san blindly demanded my semen or anything.

「What if、 I pushed down the naked Lucie-san、  
and make you beg like a dog before giving you sex、 then what ? 」

At my question, Lucie-san burst out laughing.

「The heck is that。 That's not like you。

If that's the case、 I'll beat you up、  
and kicked you out and never meet again」

Lucie-san who sits on my lap like at home,  
embraced my head.

Wrapping up my face with her not-so-very-big swells, she kissed my forehead.  
Then she lifted my face, matching out lips.

「Chuu.....hn。 Don't look down on me。  
Because it's you、 that I'll have sex however I want to。  
Got it ? 」

「Yeah、 got it。 Sorry I said something weird」

「Hmph、 fine。  
I wanna hear your cute and pitiful voice now」

---

◆ I'll read ahead before deciding to TL the next chap or not. I believe the majority of us hate femdom. So I'll take the trouble and guinea pig for you peeps.

◆ Not related but, the Join Discord button up there, I thought it was functioning, but the invite expired long ago, so I replaced it with a different permanent invite. So if you wanna visit my discord, it's up there.

## 18. 「This is how I love」 or so、 she said ※ (Kiss、cowgirl、deflower、blond tsundere ojou-sama)

Femdom incoming again.

---

「This is how I love」 or so、 she said ※ (Kiss、cowgirl、deflower、blond tsundere ojou-sama)

Realizing there was a huge white bed at the corner of the room,  
I moved there while watching closely.

I did as she said and lied down on the bed facing up,  
Lucie-san took out a bunch of pieces of cloth from the drawer nearby. (TN: Ye, femdom incoming)

「I went out of my way and chose the cloth、 just for you。  
No matter how tight you're tied、 it won't leave marks on your skin、  
so you can resist violently while being violated by me」

「Well it's fine as long as it's not anything too painful」

「Right。 I'm not into that kind of thing、 so don't worry」

Winding the white cloth pieces around my out-stretched limbs,  
she tied the other ends into the 4 corners of the bed.

「Fufu、 looking good。  
You know、 since the moment I learned about sex、  
the first think I thought of was this」

Lucie-san who spoke in an intoxicated manner,  
took off my clothes one by one.

「It's not about the man pushing the woman down、  
“It's me” who's the one doing the violating。  
And I do it my loved one」

Taking off the green dress,

her emerald green underwear, which has a different design than before, was exposed.

Showing off the leaves covering her pure white skin,  
she took off my trunks that were holding my penis and stripped me naked.

「I'll make love to you with both hands today。  
Though it's fine to just cum if it feels too good、  
leave some to pour into my vagina, kay? 」

As my glans is already leaking pre-cum,  
she spread it to the whole rod and played with my ball sacks.  
Using each of her fingers to stimulate my penis in a complex manner,  
as expected of a pianist.

「When I tease the tip、  
your eyes and mouth moved as if you were feeling good。  
Fufu、you looked like you couldn't hold it anymore、  
But I wanna see your smiling face of pleasures、  
and hear your shameful breathing」

「That、doesn't it depend on how Lucie-san does it.....」

「Yeah、I'll try」

Unfastening her bra, she showed off the peach-colored flower bud under the leaf.

「My nipples、you can look at them。Wanna try splash your semen here?  
Fufu、the place where milk for raising babies come out、  
if we paint it with a man's milk、  
I'll actually laugh though」

Drawing her breasts closer,  
she rubbed her squishy nipple on my urethra opening.  
My urge to ejaculate piled up without my permission because of the obscenity and softness.

「Your face when you're trying to hold back an ejaculation、I saw it。  
Fufu、I love it、that kind of face。Show me more。  
Hnn、chuu.....nnn」

Her charming smiling face drew closer and kissed me,  
while holding my penis between her thighs and panties, rubbing it.

「Heey、do you like women underwear ?  
If we keep it like this、and you cum on my panties where my vagina is、  
it's gonna feel real good right?」

Spitting out irresistible temptations, Lucie-san stroked my cheek and clung to me more.

「It's fine、you can cum。  
If you're into that kind of thing、  
after this I'll give you my unwashed underwear too。  
Cumming right now、means you acknowledged yourself to be a Panties-hentai。  
Nchuu、chuu.....what are you going to do ? I'll continue like this if you don't  
want it though」

「Ku.....make me cum with your undewear」

She showed a smile of a ruler when I immediately answered so.

「Fufu、okay。  
Cum to my panties where my virgin pussy is being kept」

As if trying to achieve pleasures for herself also,  
Lucie-san put the part of her panties where her vagina was on my glans,  
held it with her smooth thighs and moved.

「Uu、ahh」

「That's a good face。Getting ridden on top of by me、  
then ejaculate just to seek pleasures。  
Ah but just in case、my vagina that's being protected by the panties and hymen、  
if your vigorous sperms get in there I might just get pregnant」

Gyuugyuu, her thighs squeezed down like a climaxed vagina.

「To make it smooth when I put it in after this、  
I'll draw it around my vagina a lot、  
so cum、on my panties。  
Nchuu.....properly show me your cumming face too, okay?」

With my glans getting caught into the creases of her panties, I lost to the stimulation and ejaculated.

「Ahaha、a lewd face with mouth opened。  
You're soaking my panties with lots of your hot juice。  
I stuck to my pussy too、all gooey。  
Fufu、as promised I'll spread it around my vagina」

Groping my penis immediately after ejaculation, she scooped up semen, and just like that she put her hand into her panties and stirred around spreading it.

「You're really a hentai、do you really look forward to playing with a virgin maiden？  
It should wither to small after ejaculation though」

「It's because Lucie-san's beautiful and charming.....」

「I know。 Everyone says that。  
Rather than those words、make more of your miserable face、  
and ejaculate inside my vagina。 I'm putting it in.....」

Shifting her panties, she opened the vagina that was already mixed with love juice and semen.

Putting her white fingers on my glans that was wishing for the vagina hole, she guided it to heavens which is the honey hole.

「Hn、it stings a bit。  
That's how it is for me」

After not being affected by the taking of her virginity, she swallowed my penis to the root in one breath with her vagina. I had doubts when we kissed but, I think Lucie-san has lower body temperature than other people.  
My hot penis felt like being put into cold water when I went inside her, and earned me a brand new pleasures.

「You're still making a composed face。  
You're already used to the experience with a virgin huh、how cheeky」

「That's not it。

Lucie-san's inside、 it feels really good」

「That so.....how should I make you cum again」

She shook her hips lightly while thinking.

The vagina that had its first experience in sex,  
swayed my penis with intense squeezing.

「Hnn hnn、 hang on a bit、 I'm taking it out」

When I thought she would speed up,  
she took my penis out of her vagina.

「Sorry、 I'll do it with my fingers。  
So wait a bit」

Without slackening, her flexible fingers moved on my penis,  
then guided it into the vagina again.

「Hnn.....haa、 it's really good when it goes in.....」

This time she also moved smoothly and seemed to received pleasures.  
Gradually friction warmed up the inside of her vagina,  
as it hugged my penis pleasantly.

「Right here.....if I put it here、  
both me and you will feel good」

On the side of her depths, probably near her womb entrance,  
Lucie-san shut her labia and pressed on it.

「You're feeling huh.....in order to cum there、  
and it feels good to ejaculate、  
so you have sex with me even if you get tied up」

「Ku、 that's not all the reasons。  
I like Lucie-san、  
so it feels good even if I get humiliated」

「Ara、 you're such a guy only good with his words。  
Then until I'm finished、 try endure ejaculating」

Showing off herself shaking her breasts,

the beauty clutched her butt and lewdly shook her hips.

Her leaf-like underwear

laid bare both her breasts and vagina, as she gulped down my sensation.

「What's wrong? It's not like you can't cum、  
just pour it into my womb any time」

Raising her unyielding eyes, the girl that wants to sexually dominate me,  
rubbed the sides of her vagina on my abdomen.

「In any case, it's already been decided。  
You'll feel good ejaculating inside my vagina。  
It's only the matter of sooner or later」

「.....it's no good if it's fast、in various meanings」

「This kind of man's pride doesn't suit you、  
and I don't care about that at all。  
If you immediately feel good with my pussy  
and cum right away then it's just cute。  
Kay? Cum」

Matching the rhythm nicely,  
my penis fell into a state where if I'm too conscious of it I'll be made to cum by  
her vaginal walls.

「You're stubborn.....fine。 I'll get serious、really serious」

She covered my body with hers then began to shake her hips in cowgirl  
position.

Unable to bear the temptation from her moistened blue eyes and her slightly  
opened lips, I kissed her.

「Chuu、hnn、Nnnchuu.....。  
Until you finish inside me、I'm not letting go。  
I'll love you forever。 Fufu」

Her almost perfect 10 fingers caressed my nipples and armpits.

「My womb and your glans already glued to each other、it's not moving  
anymore。」

If you want to mate then ejaculate。

Nfufu.....chuuu、hnnn」

My penis stayed like that after thrusting deep inside her,  
but her inside kept tightening and squirming, tickling my urge to ejaculate.

「Your nipples stood up。

Nfu、I'll move love to you more。Nchu、chuuu」

Continuing the deep kiss, she crawled her fingers on my nipples and chest,  
as the softness of her breasts rubbed on me.

With the urge to ejaculate rising, I forced up my hips,  
enjoying the sensation of touched our bare skins together.

「Nfuu、chu、churu。.....ara？

Your penis can't take it anymore？

You want to ejaculate and impregnate my womb？

Fufu、that's fine.....cum inside me。Pour lots deep inside」

Not slackening, she who was glad because I surrendered hugged me even more  
tightly,

inner-mouth, nipples, crotch, her whole body pressed against me, waiting for me  
to ejaculate.

「Warp your face in pleasures more.....、

show me more。nchu、that's a wonderful face。

The penis that can't stop wanting to ejaculate into my womb、my penis。

Chuu、chuuu、nchu.....。

Now then、the best pleasure、the moment of making babies」

Matching the squeezing,

I couldn't stop ejaculating even know I'm aware that my face is loosening up to  
pleasures.

「Ah、ahh.....」

「Being done as I please by a virgin like me、

you just shamefully ejaculated。

But if it feels good、then it can't be helped。

This is my last 'first experience' you know。

Fufu、I love you」

Accepting everything gushing out from me,  
she returned the favor to me by pouring her saliva into my mouth.

Even when I was done ejaculating, Lucie-san kept on licking the inside of my mouth.

「You penis got re~al hard again inside me。  
You wanna continue, right。  
It's okay、I'll do it till it withers」

「No、it's n.....」

Once again shutting her vagina, she shook her body, not listing to me.

「Wh~at are you holding back for。  
Though、you already creampie'd lots inside me。  
You、and you penis、  
I'll make both of you remember that being inside me is the best。  
Fufu、I want another creampie。  
Cum。I'll take care of this shameless penis」

As if shaping my penis into her personal use,  
she concentrated the squeezing of her vaginal flesh on my glans, urging me to ejaculate.

Soon, I once again ejaculated inside her vagina, not holding anything back.

「You cum again♪ Your semen really is dangerous。  
I wanna make it rapidly pour into my vagina。  
I'll wring it until your penis withers, okay」

She doesn't think about the risk of getting pregnant at all,  
she made my penis pour sperm using the depth of her vagina and her womb entrance.

「Hn、hnn、ahaa。 It's coming out rapidly。  
You're shamefully cumming while being violated by me。  
I love you like that。Even if all other girls stop loving you、  
I'll keep loving you and wringing your semen。

Nfuu、it's twitching and cumming again。 Cum until you wither, okay?」

With her breasts shining with sweat, our crotches were drenched with various kinds of body fluids,  
she continued to shake her hips on top of me.

---

◆ There's femdom, but some vanilla too so I was like meh... 2 chapters left including this one, so let's just finish it.

◆ Next one is no ero. After that I'll get started on Q&A again.

## 19. Rumors' influence and counter-measure (No ero)

Caught up with author.

---

### Rumors' influence and counter-measure (No ero)

「「Chee～rs ! 」」

The night Fuemi was safely discharged from the hospital.  
For some reasons me, Fuemi, Kayari-san, Sylvie-san and Lucie-san gathered at my house,  
and held a small celebration.

Well the girls brought various stuff with them,  
the food they brought to the party was leagues different than the common food you can find anywhere.  
Moreover, I'm honestly glad they came here just for Fuemi.

But well, I already expected that there's something that can't be solved normally though.

First we commented on how good was the food,  
then they shared and discuss about the hardships of each of their illness.  
While thinking about this this late into the game,  
I indulged myself into the fact that I had sex with all these beauties here.

「.....Now then、let's borrow this place、  
and I can share my important proposal」

When the conversations harmoniously ended,  
Kayari-san carry it on with a quiet face.

「Un、and what is it ? Kayari-san」

「First is my assumptions、  
is that you're getting bit by bit more famous, darling」

「Especially among the authorized people from the hospital、and though there are rich people too  
there are also people with diseases that can't be cured with just money、  
Master」

Sylvie-san summed it up.

「The thing about my left hand being cured too、  
it spread a rumor to my surroundings.....sorry。  
Kayari and me、the twins too、  
there are rumors going on in our households which are all connected」

「Onii-chan can cure sickness、  
everyone knows about that already？  
Somehow、are they gonna take Onii-chan、  
and bring him to some big-shots？」

「He's not that well-known yet、  
but that kind of development is not impossible either」

「No way.....」

Everyone kept silent at Fuemi who heard the heavy contents of this conversation for the first time.

「But、Kayari-san said she has a proposal。  
Let's hear it」

I directly asked Kayari-san as a representative.

「Yes、darling。I thought that、  
we should broaden the rumor towards 2 fronts」

「Two fronts、they are？」

「First、it's not true that you can cure incurable people、  
if we spread a rumor like that, every family can be healthy。  
Then among those families、those that have young girls  
that's hospitalized、  
we'll spread the rumors to them that maybe they can be cured」 (TN: Okay it's very confusing but TL;DR: she's saying that they'll only spread the "true" rumors

to those families with young maidens for MC to fuck) Then Kayari-san looked at me apologetically.

Lucie-san turned her face away from me.

「In summary、I'm just gonna continue what I've been doing all this time？」

Unlike the usual me, the fact that I let out such a cold voice surprised even myself.

「Yes。The families connected to the hospital that would use any means even unscientifically、

they'll become frantic if there's a way to cure them。

The more we unskillfully hide it、

the easier Darling get exposed, that's what I think。

I too、was stopped by Lucie, my best friend」

「.....right、just as Kayari said」

「Without hiding it from the families that own hospitals、

I'll go heal them and then muzzle them huh.....」

In actuality, Mana-chan and Mina-chan's parents and Takemitsu-san's parents,

I already receive tons of money surpassing that befitting a student from them already.

But then their households never exposed my circumstances.

「What do you think？ Darling。

For now、you can assume the front-cover of a person who supports people with sickness

and establish an organization backing you up。

Hiring a skillful doctor for free、in order to support the financials、or something like that。

It'll cause Darling more trouble though」(TN: I have no fucking idea what she just said. This author's writing style is very annoying as per usual)

「If we do that Onii-chan's not gonna be taken to somewhere else、

is that right？」

「I do think that is the case。

We'll expose it on the surface、and deny it towards unnecessary people、

If we bring in the right people we'll support them。

how does that sound、Darling ? 』

「Well、I have something I wanna hear from everyone.....」

I looked around at the light brown haired, black haired, silver haired and blond haired beauties and asked.

「When I、with other girls、  
when we do lewd things、is that alright ? 』

When I asked that, the atmosphere felt like time has stopped for a second, then all of them had bitter smiles.

「This late in the game ? Onii-chan」

「Yes、it's too late」

「But that's just like Master、to worry about things like that」

「Welp、a guy with a penis that likes to flirt with virgins like you、  
I had no hopes since the first place」

「Fufu、Lucie。You're just saying that I'll care for him with your own pussy more, is that so?」

「Wha、N、No.....well、you can say that」

Somehow this serious conversation didn't even turn serious,  
and the night with these girls wore on.

---

「ZZZ.....zzz.....」

「Onii-chan、you slept?」

「I think、he's just tired from doing various things everyday」

「Right、I feel like he also resisted having sex recently」

「.....wait what ? don't tell me、  
everyone's been having sex with this guy except for your first times ? 』

「 ? Un。One time when I came home、  
we did lewd things with lotion in the bath」

「For me I serviced him while wearing maid costume」

「It's slave-rape play for me.....」

「Eh? What、it's only me that haven't done anything?  
I have Miera-oneesama but、  
I have a feeling she did it with this guy too.....」

「Ah.....somehow、in Onii-chan's diary、  
『Even though the tsundere blond M from erogé  
usually becomes the Queen too、  
but it didn't feel good at all.....I wonder why』  
or so he wrote.....hmm」

「What why! ? Gununu.....」

「We'll、don't be discouraged Lucie。  
I'm sure in the future、with a good situation  
he'll ask for lewd with you」

「.....it's okay then」

---

◆ Okay, we're up to date with Author, but he's busy so he probably won't be updating very soon.

◆ College starts in like 4 days, so I'll try to do something productive. cough
